## SIXTEEN CARS WERE WRECKED

At the Second Street Crossing at  
an Early Hour This Morn-  
ing.

LOSS ESTIMATED AT \$8,000

East Bound Freight No 88 Ran  
Into an Open Switch Near  
the Passenger Station.

STREET CAR TRAFFIC DELAYED.

A serious wreck occurred on the Cleveland & Pittsburg road at the Second street passenger station at 6:15 o'clock this morning. Sixteen cars were badly wrecked, and it is estimated by officials of the railroad company that the loss will be not less than from \$7,000 to \$8,000. The wreck this morning is equal to that crossing on the morning of July 2 which occurred at the Walnut street last year.

The wrecked train was No. 22, east-bound, and was due at Wellsville at 2:50 o'clock this morning. The train was making 25 miles an hour and in charge of Engineer Joseph Anderson, of Wellsville, and Fireman William Bott, of this city; Albert Chapman, of Cleveland, was the conductor of the train. The cause of the wreck is peculiar, as blame cannot be attached to any one. A short time before train 88 was due a west bound freight train passed through the city. A chain on one of the cars attached to this train was broken and hanging from the car. It caught in the frog at the switch near the east part of the platform of the passenger station. This caused the switch to part and a portion of the chain was found sticking in the switch. Train 88 came along running on scheduled speed. The engine and two cars passed over the open switch in safety, but the third car jumped the track. The train went as far as the freight depot when it parted. This caused the air hose attached to the third and fourth cars to part and this stopped the train. Engineer Anderson looked back from his cab and was surprised to find that his train had been wrecked.

The wreck presented a picture that is seldom seen. Freight cars were turned in every position, axles were broken, ties torn from under the tracks, rails spread, telegraph, telephone and trolley wires were parted. Electric light poles and the safety gates at the Second street crossing were cut down as if they had been chalk. One car was turned half way around and crashed into Gateman White's tower at this crossing and reduced it to kindling. Luckily no one was in the tower when it was struck. One car was rolled over the embankment at the Broadway wharf and is now lying on its side near the coal office of Robert Moore. Strange as it may seem nothing in this car was broken, although the roof was torn off.

The worst part of the wreck was at the street crossing. The cars were turned every way and they were badly damaged. Investigation proved that the little freight had been derailed. Two cars were thrown over on the street car track, opposite Sh... These cars broke the

trolley wires and also the telephone and telegraph wires.

The wreck crew from Wellsville was called out and arrived here about 7 o'clock. On account of the bad condition of the track there was some delay in commencing on the wreck. At 8 o'clock another train came up from Wellsville with 23 more laborers and these men, with the wreck crew, began replacing the overturned cars on the track at 8:30 o'clock. This work was tedious, as the positions of the cars made it very hard for the work for the crew. Telegraphic communication from this city with Pittsburg was cut off entirely, but by 10 o'clock necessary repairs had been made.

Through passenger service was cut off. Train 335, due here at 8:22 o'clock, went to Cleveland by way of Beaver Falls and Alliance. Train 340, due here at 8 o'clock, arrived at 8:45 o'clock.

Passengers for the east got on this train at the foot of Union street and went to Pittsburg by the way of Alliance. Eastern mail arrived in the city on the noon train.

There were various theories this morning as to the cause of the wreck. One persistent rumor had it that the wreck was caused by a broken axle. Another was that a projecting railway rail lying alongside the track had caught one of the cars. One of the rails had been broken in two. Careful investigation failed to secure any absolutely reliable account of what caused the wreck.

So hard did the wreck crew work under the intelligent lead of an able commander, fat and youthful appearing, but understanding his business to the limit, that exactly at 11:15 the tracks were clear. The first train to pass through was the noon train due here at 12:15.

The game yesterday between the K., T. & K. team and Burford's was a heart breaker for the latter team, which should have won the game with some runs to spare, but the unexpected happened, and K., T. & K. came out victors by the score of 14 to 11.

K., T. & K., who went to bat first, received four shutouts the first four innings, while Burford's made six runs in the second inning on a combination of errors. McShane took Davis' place in the box after the second inning and started off very bad by hitting one man and giving two bases on balls. With the bases full he struck out one man, Kennedy hit to him and he threw home catching Dougherty, and Millward threw to first and Kennedy was out.

Wines, the Burford pitcher, went up in the air in the fifth inning and before he had returned to terra firma the K., T. & K. team had scored 10 runs. He only gave seven bases on balls one after another, which, mixed with two errors and two hits, netted the Knowles team their runs. Burford's made two in their half and in the sixth Lounds went in the box and Knowles got a goose egg.

Burford's made another in the sixth and Knowles made one in the seventh. Burford's didn't score in the seventh and eighth and Knowles made two in the eighth and one in the ninth. Burford's took a spurt in the ninth and McShane was hit for two singles and a two-bagger. The score:

## GOODWIN-HANCOCK.

### BEAUTIFUL WEDDING AT MANSFIELD WEDNESDAY.

Marriage of Charles Fawcett Goodwin and Miss Anne Elizabeth Hancock.

The Mansfield News prints the following interesting account of the Goodwin-Hancock wedding which took place in that city Wednesday evening:

Grace Episcopal church, on West Third street, was the scene Wednesday evening, of one of the most beautiful weddings witnessed in this city in a long time. Between 350 and 400 guests were in attendance to witness the nuptial event which was one of great impressiveness, uniting the hearts and lives of two very worthy young people, the bride, Miss Anne Elizabeth Hancock, the beautiful and charming daughter of Mr. and Mrs. Robert G. Hancock, of 160 West Fourth street, and the groom, Charles Fawcett Goodwin, a successful young business man of East Liverpool.

Exquisite taste characterized the decorations of the church. The altar and chancel were beautiful in their decorations of pink and white carnations, white lilies and white satin ribbons twined with smilax. Throughout the church, at the organ and at the windows were white lilies, palms, ferns and other decorations.

Pink and white were the prevailing colors and this color scheme was observed in the decorations of the church and at the Masonic Temple where the reception following the ceremony was held. The choir box was appropriately decorated and in front of the altar was a vernal arch of smilax, from which was suspended an exquisite floral wedding bell of white roses, pink carnations, etc.

The time of the wedding was 7 o'clock, and promptly with the hour, the church being filled with the guests, the wedding march began. The surplined choir of boys sang the wedding march from Lohengrin and formed the procession to meet the wedding party. At the organ presided Miss Katharine Locke, who rendered the Lohengrin wedding march as the procession formed and the march began.

The ushers were James Oliver, Charles Fisher, James Tindle and Robert Hall, of East Liverpool. Dr. G. W. Kinson and Roscoe Sturges, of this city. The groom's best man was Robert J. Hancock, of this city, a brother of the bride. The bridesmaids presented a pleasing contrast in their costumes. The maid of honor, Miss Mary Alice Goodwin, of East Liverpool, sister of the groom, was attired in an elegant creation of pink silk crepe with white lace trimmings. She carried pink roses, as did also all of the bridesmaids. Miss Mary Stewart wore white organdie over pink silk; Miss Grace Wilfe white organdie over pink silk; Miss Laura May Babst, of Crestline, Parisian mousseline over pink silk; Miss Essie Meister white silk mull; Miss Flora Hartman white organdie over pink silk and Miss Nan Miller, of Mt. Vernon, silk mousseline. Little Hazel Underwood was the flower girl and had a basket of pink roses. She was in white organdie.

The bride entered on the arm of her father, who gave her away. Her gown was of Dutchess satin trimmed with Dutchess lace. The tulle veil which she wore was caught up with lilies of the valley. The beautiful diamond sunburst, which she also wore, was a gift from the groom to his bride. She carried in her hand a white satin prayer book.

Proceeding to the altar she was joined by the groom. The solemn and beautiful ceremony of the Episcopal service was performed by the Rev. A. B. Putnam, pastor of Grace church. At the altar the contracting parties said the marriage vows and knelt before the altar, where they were pronounced man and wife. As a recessional Miss Locke rendered Mendelssohn's wedding march.

The wedding reception at the Ma-

sonic Temple followed the service at the church and was attended by about 350 friends.

The costume of Mrs. R. G. Hancock, the bride's mother, was pale gray Duchess satin with pink velvet and Dutchess lace. Mrs. James H. Goodwin, of East Liverpool, the mother of the groom, was attired in black peau de soie with black and white trimmings.

The groom's gifts to his bride were a diamond sunburst and diamond ring. The bride's father presented a check for a liberal amount. The groom's gifts to his best man and ushers were diamond stick pins and the bride's souvenirs to the maid of honor and bridesmaids were gold, heart-shaped pins.

The array of presents which were received was an elaborate one, the cut glass being especially fine. Some of the gifts were very costly and all testified to the respect and esteem in which both bride and groom are held by all who know them.

Mr. Goodwin and his bride left at midnight for a wedding tour to eastern points, including Atlantic City, New York, Newport and up the Hudson. They will be at home at East Liverpool after June 7.

Among the guests from out of the city were: Mrs. James H. Goodwin Mr. and Mrs. John Goodwin, Miss Martha Porter, of East Liverpool; Mrs. Warner Miller, of Mt. Vernon; John Grey, of Philadelphia; Mr. and Mrs. Daniel Babst, and Miss Clara Babst, of Crestline; William Wallace, of Cleveland; Mr. and Mrs. D. L. Casselberry, of Salem; Dr. Thomas Oberlin, of Indiana; Miss Laura Babst, of Crestline; Miss Nan Miller, of Mt. Vernon; James Oliver, Charles Fisher, James Tindle and Robert T. Hall, of East Liverpool.

### The Reception.

Immediately after the ceremony the bridal party went to the Masonic Temple and there received the guests. Those in the receiving line were Mr. and Mrs. R. G. Hancock, Mrs. Goodwin, mother of the groom, Miss Mary Alice Goodwin, Robert J. Hancock and Misses Mary Stewart, Nan Miller, Flora Hartman, Laura Babst, Essie Meister and Grace Wolfe.

After the bride and groom had welcomed all the people and had been overwhelmed with congratulations and best wishes they repaired to the bridal table for luncheon, which was dainty and elegant. Roscoe Sturges got the ring which was in the cake and Miss Flora Hartman the dime.

The Temple was most artistically and beautifully decorated. Palms, cut flowers and smilax were arranged in profusion, producing the most beautiful effects. Through the sofa pillows, screens, piano lamp and Davenports a most home-like aspect was imparted to the hall. Everything was in pink and white. Large vases of pink and white carnations adorned the hall in different places. Pink and white ribbons were draped from the electric globes over the bridal table, producing a soft and beautiful effect. The bridal table was very artistically arranged. It was a round table with several gleaming candelabra in the center, pink and white roses on the snowy linen and long strings of smilax arranged in streamers from a common point over the table so that they hung over the edge of the table like a sylvan Maypole. After the bridal party finished luncheon the dancing commenced and continued until midnight. Taken altogether it was one of the most charming and successful weddings which has ever taken place in the city.

### Rookwood Ware.

Genuine Rookwood art ware sold only by The Eagle Hardware Co.

There is no more trying work than the weaver's. Added to the confinement, the heat and the impure air, there is often an amount of physical exertion which seems incredible. In the manufacture of plush, for example, those who cut the pile have to walk about thirty miles a day. And with every step of that thirty miles they breathe in vitiated air filled with particles of dust, poisonous coloring matter and other substances, irritating to the throat and lungs. It is no wonder that so many mill hands have an obstinate cough or that so many of them die of "lung trouble."

It is to operatives whose work makes them peculiarly liable to lung disease that Dr. Pierce's Golden Medical Discovery comes as a priceless boon. It positively cures deep seated and obstinate coughs, bronchial affections, bleeding of the lungs, and other diseases which if neglected lead to consumption.

"When I commenced taking your medicines eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Sunderland, of Chaneyville, Calvert Co., Md. "At times I could not even walk across the room, without pains in my chest. The doctor who attended me said I had lung trouble and that I would never be well again. At last I concluded to try Dr. Pierce's medicines. I bought a bottle of 'Golden Medical Discovery,' took it, and soon commenced to feel a little better, then you directed me to take both the 'Golden Medical Discovery' and the 'Favorite Prescription,' which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Favorite Prescription,' and five vials of 'Pellets.' I am now almost entirely well, and do all my work without any pain whatever, and can run with more ease than I could formerly walk."

You can consult Dr. Pierce by letter absolutely without charge. He will carefully consider your condition, and write you fully, giving you familiar, fatherly advice as well as medical direction. Your letter will be held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

## "GRASS" WIDOWS.

Are the Real Thing, According to the  
Decision of Judge Taylor  
at Canton.

Judge Taylor recently rendered a decision in the Stark county common pleas court that is of far-reaching importance. The question at issue was the judicial definition of what constitutes a "grass" widow, and Judge Taylor held that such a person, in so far as relates to property, is actually widowed, as fully so as though the absconding partner in the wrecked matrimonial firm were dead. This is said to be the first decision of the kind on record in Ohio. This would seem, says the Buckeye State, to imply that the absconding wife or husband can lay no claim to a share of his property or of his or her deserted matrimonial partner, but, as the decision refers only to property it does not imply, as some newspapers have stated, that the deserted wife or husband has a legal right to re-marry without securing a divorce.

## NEW PENSION RULE.

Pensioner Must Keep Sober and Respect Himself and the Uniform He Wore.

A recent ruling of the pension bureau is of vital interest to pensioners not only in Columbiana county, but everywhere. It is to the effect that a recipient of a pension who drinks to excess and thereby disgraces the uniform he wore, is liable, upon investigation of representatives of the pension bureau, to have his name stricken from the rolls. No one can complain of the reason and justice of such a ruling.

## WINE OF CARDUI

### HEALTHY OLD AGE.

LARUE, BENTON CO. ARK., Aug. 4.  
I am 46 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.  
MRS. E. B. TOWNSEND.

Wine of Cardui

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers.

It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

## YOUR VALUABLES.

DON'T TAKE ANY UNNECESSARY RISKS RESPECTING THEM.

You Can Place Them Where They Are Safe from Fire and from Burglars.

The late fires in our city have set owners of valuables to thinking. Important papers, representing oftentimes large sums of money, should never be permitted to rest in insecure places in your homes or offices, where the festive burglar may make an unwelcome visit at any time, or where fire may reduce said valuables to ashes. Carelessness in this particular may prove a very serious loss to you. And there is no necessity for such carelessness or recklessness on your part, when you may, for a very small expenditure of money, place your papers, jewelry, diamonds, etc., in absolute security, where thieves do not break through nor steal and where the fire demon is barred out.

A call at the First National bank will reveal to you a number of new safety deposit boxes, snugly embraced in the massive fire-proof and burglar proof safe, and you can have the exclusive use of one of these boxes for the term of one full year for the sum of from one to five dollars, as best suits your purpose. You will carry the keys to the same, having exclusive use or entrance thereto, and having access to the same at any time during the regular banking hours of the institution.

You should take advantage of this offer at your very earliest opportunity, as there are but a limited number of boxes for rent, and the rule of "first come first served" will hold control. Place your valuables in a safe and secure spot, and there will be no necessity of your losing sweet slumber in consequence of worrying about them.

## EXPENDITURES IN CUBA.

Statement of Money Spent and Receipts In the Island Sent to the Senate.

WASHINGTON, May 19.—The war department sent to the senate, in answer to a resolution, an itemized statement of the receipts and expenditures of all sorts in Cuba, including salaries and allowances of officers, since the United States government assumed control of the island. This statement is in extension of a condensed one supplied on Feb. 15 last, General Wood having furnished the details at the direction of the department. It is shown that the actual cost of the Triscornia railway, about six miles long, connecting the harbor of Havana with the interior railroad system of Cuba, was altogether \$342,611. This was built to keep troops out of Havana in yellow fever time. The United States government has since been reimbursed from the island revenues. The statement shows that the total receipts from all sources in Cuba for the year 1899 were \$16,136,500. The expenditures are set down as \$7,421,719. It is explained that this is a sum total for which vouchers had been audited by the auditor of Cuba. His report is complete for the year 1899 for the civil departments of the island, but his report for other expenditures covers only the six months from July 1 to Dec. 31 of that year, and the itemized statements of these expenditures are submitted with this statement. The auditor promises to supply the report for the first half year of 1899 in the near future, when it will be sent to the senate.

Of the island's receipts \$15,012,100 was made up of customs receipts, \$250,025 postal receipts, \$700,880 internal revenue, and \$233,584 miscellaneous receipts. Of the expenditures \$211,292 went to the department of finance, \$876,640 to justice and public instruction, \$255,421 to agriculture and public works, \$640,375 to state and government, \$488,079 to extraordinary expenses and \$612,250 to postoffice. The sum of \$1,688,442 was spent on sanitation in the half year from July 1 to Dec. 1, 1899. In the same time the rural guard cost \$506,152. Barracks and quarters cost \$617,755; the customs service cost \$433,985 and public works absorbed \$238,036; charities got \$332,092; civil government is set down for \$164,281, and municipalities \$121,113; the census cost \$211,401.

The allowances to military officers are shown in detail, and are nearly all for small amounts. The \$3,000, which was said to have been paid for a house for General Chaffey, was actually expended by the quartermaster's department for a building for its own use, General Chaffey occupying a portion of the building for his military headquarters, as provided for in the army regulations.

## Towne Was in Toledo.

TOLEDO, May 19.—Hon. Charles A. Towne, of Minnesota, accompanied by General E. T. Corser, also of Minnesota, treasurer of the national committee of silver Republicans, was in Toledo to keep an engagement made some time ago with prominent Silver Republicans of the state. The conference was called for the purpose of deciding what action should be taken by the Silver Republicans with regard to sending a delegation from Ohio to the national convention.

## THE SEARCH STOPS.

The Right Thing Has Been Found. An East Liverpool Citizen Shows the Way.

Once more we are indebted to an East Liverpool citizen for a public statement that throws more light on a subject of ever-increasing interest. People have been deceived by false misrepresentations from time immemorial. No wonder they are skeptical of all claims endorsed by strangers, residing in far distant parts of the Union. It is no longer necessary to accept such endorsements, for local citizens are giving their testimony and 'tis an easy matter for any reader to investigate the correctness of such evidence as the following. Mr. R. H. Hawkins, an employee of Sebring's pottery, who lives at 234 Second street, says: I had been taking medicine for my kidneys right along, and if I had found a cure I would have had no occasion to use Doan's Kidney Pills. I was troubled for two years or more with distressing backache across the loins, a steady aching pain with quick twinges now and then while stooping or lifting, that felt as if a sharp instrument had pierced my back and the secretions of the kidneys were highly colored, feverish or slightly scalding. Work seemed to be a drag. I had no energy and I am more than thankful that I was induced to go to the W. & W. pharmacy and get Doan's Kidney Pills. After taking them there was no sign of my old complaint."

## ABOUT PLANTS AND POTTERS

Market Continues Good With No Sign of Falling Off—Volume of Trade.

### ITEMS FROM POTTERY CENTERS.

A Trenton potter in response to the article signed "Trenton Jiggerman" states that the western potters are 20th century potters, and the uniform list is one of the best moves the Brotherhood ever made.

George White has left the Peoria pottery and returned to Akron.

The J. B. Owens Pottery company have sold over 20,000 of their "lucky pig" toy bank in less than a month.

Peoria potters are well pleased with the uniform list.

W. G. Coxon, of the Great Western Pottery company, Kokomo, Ind., says the pottery plant at St. Johns, Quebec, is a fine plant, but has never made any money for its owners. The trouble, he says, is due to the workmen, and the entire plant is now idle. He makes the prediction that the plant will never be a success until it is operated by Americans.

Robert Jewell, John Boulton, Richard Davis and Will Green are the representatives of Dippers' local No. 18, in Trades council.

The next Brotherhood convention will be held in Wheeling.

William Carroll, a jiggerman at the Warwick, Wheeling, may accept a position at the new Taylor, Lee & Smith pottery.

John A. Campbell, president of the Trenton Potteries company, has been named by Mayor Briggs as one of the trustees of the proposed free library for Trenton.

It is a common custom to nick name a pottery, and rarely one starts without an odd term being applied to it. The operatives of the new pottery belonging to the H. C. Cook system in East Trenton have named it the "Porto Rico Pottery."

Trenton manufacturers report a slump in orders, but business continues brisk owing to an accumulation of earlier business.

Business at the local potteries continues good, and the manufacturers are getting ready for the fall trade and the designers and modelers are having all they can do these days.

A general union of manufacturers is being formed in Germany which will include all branches of industry, and has received considerable support from pottery, china and glass manufacturers. It is proposed to create a fund for the assistance of weak employers in cases of strikes and lock-outs. It is also proposed to nominate several candidates for the Reichstag at the next election.

The United States supplies the most of the china and glass used in Mexico.

Marked attention is now given to decorations here. New styles and new color combinations are shown at the different potteries, and many new effects will be seen on the fall patterns. The tendency is toward deep colorings on toilets and jardinières. Reds, bronzes, chocolates and greens of deep shades are now having a popular run on these lines of goods. Light, dainty decorations continue to a considerable extent on dinner ware at present.

Col. W. A. Rhodes, of the Knowles, Taylor & Knowles Co., returned last week and will remain until after July.

The manufacturing situation is reported unchanged at the Ford China

works. All departments continue to run full.

The china market shows a healthful strength, indicating the confidence which prevails in the soundness of general business conditions. The situation, on the whole, is satisfactory and the volume of business which is doing is at least as good as at any former corresponding season, while in many lines it is reported much in excess, both in value and quantity.

The George Ferguson company, of New Rochelle, N. Y., has been incorporated to deal in groceries, hardware and crockery; capital \$75,000.

The Novelty Pottery company, of Chattanooga, Tenn., has secured large quarters and will install new machinery for increasing its capacity.

## IN IRONDALE.

A City Business Man Met a Circumstance in That Village.

Yesterday a business man of the city went to Irondale for the purpose of advertising in that village. He had heard that there was an ordinance against passing bills on the streets of the mill town and went at once to the mayor's office to find out about it. The mayor read the ordinance to him and he asked what it would cost to pass bills in town for one day. The mayor replied that he would have to take out a year's license at a cost of \$10 and give him \$1 for making out the license. The business man objected and asked the mayor if he got permission to pass bills through the mill could he be arrested. The mayor replied that he could read the law for himself and would not express an opinion. The business man then wanted to know if he could be arrested for tacking bills on private property if the owners of the property did not object. Again the mayor would not give an opinion. The merchant then wanted to know if the village had a bill poster and received the information that it hadn't. The party who wrote the ordinance was then interviewed and said the merchant could pass the bills in the mill or put them on private property if he wanted to. The merchant saw visions of a law suit and returned home without doing any advertising, but he don't think much of Irondale law.

15TH YEAR. NO. 289.

EAST LIVERPOOL, O., SATURDAY, MAY 19, 1900.

TWO CENTS

## SIXTEEN CARS WERE WRECKED

At the Second Street Crossing at an Early Hour This Morning.

### LOSS ESTIMATED AT \$8,000

East Bound Freight No 88 Ran Into an Open Switch Near the Passenger Station.

#### STREET CAR TRAFFIC DELAYED.

A serious wreck occurred on the Cleveland & Pittsburg road at the Second street passenger station at 6:15 o'clock this morning. Sixteen cars were badly wrecked, and it is estimated by officials of the railroad company that the loss will be not less than from \$7,000 to \$8,000. The wreck this morning is equal to that crossing on the morning of July 2 which occurred at the Walnut street last year.

The wrecked train was No. 22, east-bound, and was due at Wellsville at 2:50 o'clock this morning. The train was making 25 miles an hour and in charge of Engineer Joseph Anderson, of Wellsville, and Fireman William Bott, of this city; Albert Chapman, of Cleveland, was the conductor of the train. The cause of the wreck is peculiar, as blame cannot be attached to any one. A short time before train 88 was due a west bound freight train passed through the city. A chain on one of the cars attached to this train was broken and hanging from the car. It caught in the frog at the switch near the east part of the platform of the passenger station. This caused the switch to part and a portion of the chain was found sticking in the switch. Train 88 came along running on scheduled speed. The engine and two cars passed over the open switch in safety, but the third car jumped the track. The train went as far as the freight depot when it parted. This caused the air hose attached to the third and fourth cars to part and this stopped the train. Engineer Anderson looked back from his cab and was surprised to find that his train had been wrecked.

The wreck presented a picture that is seldom seen. Freight cars were turned in every position, axles were broken, ties torn from under the tracks, rails spread, telegraph, telephone and trolley wires were parted. Electric light poles and the safety gates at the Second street crossing were cut down as if they had been chalk. One car was turned half way around and crashed into Gateman White's tower at this crossing and reduced it to kindling. Luckily no one was in the tower when it was struck. One car was rolled over the embankment at the Broadway wharf and is now lying on its side near the coal office of Robert Moore. Strange as it may seem nothing in this car was broken, although the roof was torn off.

The worst part of the wreck was at the street crossing. The cars were turned every way and they were badly damaged. Investigation proved that a little freight had been derailed. Two cars were thrown over on the street car track, opposite Sh...

trolley wires and also the telephone and telegraph wires.

The wreck crew from Wellsville was called out and arrived here about 7 o'clock. On account of the bad condition of the track there was some delay in commencing on the wreck. At 8 o'clock another train came up from Wellsville with 23 more laborers and these men, with the wreck crew, began replacing the overturned cars on the track at 8:30 o'clock. This work was tedious, as the positions of the cars made it very hard for the work for the crew. Telegraphic communication from this city with Pittsburg was cut off entirely, but by 10 o'clock necessary repairs had been made.

Through passenger service was cut off. Train 335, due here at 8:22 o'clock, went to Cleveland by way of Beaver Falls and Alliance. Train 340, due here at 8 o'clock, arrived at 8:45 o'clock.

Passengers for the east got on this train at the foot of Union street and went to Pittsburg by the way of Alliance. Eastern mail arrived in the city on the noon train.

There were various theories this morning as to the cause of the wreck. One persistent rumor had it that the wreck was caused by a broken axle. Another was that a projecting railway rail lying alongside the track had caught one of the cars. One of the rails had been broken in two. Careful investigation failed to secure any absolutely reliable account of what caused the wreck.

So hard did the wreck crew work under the intelligent lead of an able commander, fat and youthful appearing, but understanding his business to the limit, that exactly at 11:15 the tracks were clear. The first train to pass through was the noon train due here at 12:15.

### NO MORE TROUBLE.

The game yesterday between the K., T. & K. team and Burfords was a heart breaker for the latter team, which should have won the game with some runs to spare, but the unexpected happened, and K., T. & K. came out victors by the score of 14 to 11.

K., T. & K., who went to bat first, received four shutouts the first four innings, while Burfords made six runs in the second inning on a combination of errors. McShane took Davis' place in the box after the second inning and started off very bad by hitting one man and giving two bases on balls. With the bases full he struck out one man, Kennedy hit to him and he threw home catching Dougherty, and Millward threw to first and Kennedy was out.

Wines, the Burford pitcher, went up in the air in the fifth inning and before he had returned to terra firma the K., T. & K. team had scored 10 runs. He only gave seven bases on balls one after another, which, mixed with two errors and two hits, netted the Knowles team their runs. Burfords made two in their half and in the sixth Lounds went in the box and Knowles got a goose egg.

Burfords made another in the sixth and Knowles made one in the seventh. Burfords didn't score in the seventh and eighth and Knowles made two in the eighth and one in the ninth. Burfords took a spurt in the ninth and McShane was hit for two singles and a two-bagger. The score:

### THE FOURTH ORDER ISSUED

Restraining the East Liverpool Railway Company From Laying Its Tracks.

Lisbon, May 19.—(Special.)—Last evening Judge W. W. Hole granted another temporary injunction against the East Liverpool Street Railway company. This one was asked by Ellen M. This makes the fourth temporary injunction secured against the company. The first was by the Potters' Cooperative company, H. A. McNicol, for West Market street in front of the Dresden pottery; the second was by Thomas Starkey on Sheridan avenue and the third by Mrs. O'Connor on Sheridan avenue.

LONDON, May 19.—London's millions spent half the night in the street, and even at 4 this morning troops of young men were promenading, singing and cheering and there were crowds in front of the Mansion House, Marlborough House, the clubs on Pall Mall and the war office and Parliament square waving flags and joining in the national airs over the relief of Mafeking. News came from some of the British possessions telling of similar celebrations. The war office had no confirmation of the news.

#### A PROCLAMATION.

Americans Killed 209 Rebels at Catarna. Filipino Losses Heavy in Other Battles.

MANILA, May 19.—A proclamation, purporting to have been issued by Aguinaldo, and dated May 4, from Polillo island, one of the Philippine group, east of Luzon, was circulated in Manila. It said the commission appointed by President McKinley was appointed without the authorization of congress, and that hence it could not treat officially. It urged the Filipinos not to surrender

their arms at the instigation of the commission and on promises which congress might not ratify, and also urged the Filipinos to enthusiastically welcome the commission when it arrived in the towns and provinces, asking boldly for the form of government they most desired, as the Americans permitted freedom of speech.

The proclamation closed with asking the Filipinos to still strive for liberty and independence, and again warned the commission against deception.

In the Catarna fight, island of Samar, May 1, about 700 of the enemy attacked the men of the Forty-third infantry. The Americans killed 209 of the rebels by actual count. Only three of the Americans were wounded.

Major John G. Gilmore and 100 men of the Forty-third regiment were ambushed May 6 near Pambagan, Samar. Seventy-five of the enemy were killed and there were no American casualties.

The transport Lennox returned here after landing four troops of the Eleventh cavalry to reinforce Colonel J. Franklin Bell. Two troops, Major Hugh T. Sime commanding, were landed at Legaspi and proceeded across the country to strengthen the garrison at Liagao. They found numerous entrenchments manned by insurgents between the towns, and were about two days on their way, skirmishing dismounted almost constantly. Their only loss was three horses. The officers reported that they killed 40 insurgents, but the natives declared 80 were killed.

President Steyn left here for the Free State. Addressing a crowd on the platform, he urged them to be of good cheer.

## GOODWIN-HANCOCK.

### BEAUTIFUL WEDDING AT MANSFIELD WEDNESDAY.

Marriage of Charles Fawcett Goodwin and Miss Anne Elizabeth Hancock.

The Mansfield News prints the following interesting account of the Goodwin-Hancock wedding which took place in that city Wednesday evening:

Grace Episcopal church, on West Third street, was the scene Wednesday evening, of one of the most beautiful weddings witnessed in this city in a long time. Between 350 and 400 guests were in attendance to witness the nuptial event which was one of great impressiveness, uniting the hearts and lives of two very worthy young people, the bride, Miss Anne Elizabeth Hancock, the beautiful and charming daughter of Mr. and Mrs. Robert G. Hancock, of 160 West Fourth street, and the groom, Charles Fawcett Goodwin, a successful young business man of East Liverpool.

Exquisite taste characterized the decorations of the church. The altar and chancel were beautiful in their decorations of pink and white carnations, white lilies and white satin ribbons twined with smilax. Throughout the church, at the organ and at the windows were white lilies, palms, ferns and other decorations.

Pink and white were the prevailing colors and this color scheme was observed in the decorations of the church and at the Masonic Temple where the reception following the ceremony was held. The choir box was appropriately decorated and in front of the altar was a vernal arch of smilax, from which was suspended an exquisite floral wedding bell of white roses, pink carnations, etc.

The time of the wedding was 7 o'clock, and promptly with the hour, the church being filled with the guests, the wedding march began. The surpliced choir of boys sang the wedding march from Lohengrin and formed the procession to meet the wedding party. At the organ presided Miss Katharine Locke, who rendered the Lohengrin wedding march as the procession formed and the march began.

The ushers were James Oliver, Charles Fisher, James Tindle and Robert Hall, of East Liverpool. Dr. G. W. Kinson and Roscoe Sturges, of this city. The groom's best man was Robert J. Hancock, of this city, a brother of the bride. The bridesmaids presented a pleasing contrast in their costumes. The maid of honor, Miss Mary Alice Goodwin, of East Liverpool, sister of the groom, was attired in an elegant creation of pink silk crepe with white lace trimmings. She carried pink roses, as did also all of the bridesmaids. Miss Mary Stewart wore white organdie over pink silk; Miss Grace Wilfe white organdie over pink silk; Miss Laura May Babst, of Crestline, Parisian mousseline over pink silk; Miss Essie Meister white silk mull; Miss Flora Hartman white organdie over pink silk and Miss Nan Miller, of Mt. Vernon, silk mousseline. Little Hazel Underwood was the flower girl and had a basket of pink roses. She was in white organdie.

The bride entered on the arm of her father, who gave her away. Her gown was of Dutchess satin trimmed with Dutchess lace. The tulle veil which she wore was caught up with lillies of the valley. The beautiful diamond sunburst, which she also wore, was a gift from the groom to his bride. She carried in her hand a white satin prayer book.

Proceeding to the altar she was joined by the groom. The solemn and beautiful ceremony of the Episcopal service was performed by the Rev. A. B. Putnam, pastor of Grace church. At the altar the contracting parties said the marriage vows and knelt before the altar, where they were pronounced man and wife. As a recessional Miss Locke rendered Mendelssohn's wedding march.

The wedding reception at the Ma-

sonic Temple followed the service at the church and was attended by about 350 friends.

The costume of Mrs. R. G. Hancock, the bride's mother, was pale gray Duchess satin with pink velvet and Duchess lace. Mrs. James H. Goodwin, of East Liverpool, the mother of the groom, was attired in black peau de sole with black and white trimmings.

The groom's gifts to his bride were a diamond sunburst and diamond ring. The bride's father presented a check for a liberal amount. The groom's gifts to his best man and ushers were diamond stick pins and the bride's souvenirs to the maid of honor and bridesmaids were gold, heart-shaped pins.

The array of presents which were received was an elaborate one, the cut glass being especially fine. Some of the gifts were very costly and all testified to the respect and esteem in which both bride and groom are held by all who know them.

Mr. Goodwin and his bride left at midnight for a wedding tour to eastern points, including Atlantic City, New York, Newport and up the Hudson. They will be at home at East Liverpool after June 7.

Among the guests from out of the city were: Mrs. James H. Goodwin, Mr. and Mrs. John Goodwin, Miss Martha Porter, of East Liverpool; Mrs. Warner Miller, of Mt. Vernon; John Grey, of Philadelphia; Mr. and Mrs. Daniel Babst, and Miss Clara Babst, of Crestline; William Wallace, of Cleveland; Mr. and Mrs. D. L. Casselberry, of Salem; Dr. Thomas Oberlin, of Indiana; Miss Laura Babst, of Crestline; Miss Nan Miller, of Mt. Vernon; James Oliver, Charles Fisher, James Tindle and Robert T. Hall, of East Liverpool.

### The Reception.

Immediately after the ceremony the bridal party went to the Masonic Temple and there received the guests. Those in the receiving line were Mr. and Mrs. R. G. Hancock, Mrs. Goodwin, mother of the groom, Miss Mary Alice Goodwin, Robert J. Hancock and Misses Mary Stewart, Nan Miller, Flora Hartman, Laura Babst, Essie Meister and Grace Wolfe.

After the bride and groom had welcomed all the people and had been overwhelmed with congratulations and best wishes they repaired to the bridal table for luncheon, which was dainty and elegant. Roscoe Sturges got the ring which was in the cake and Miss Flora Hartman the dime.

The Temple was most artistically and beautifully decorated. Palms, cut flowers and smilax were arranged in profusion, producing the most beautiful effects. Through the sofa pillows, screens, piano lamp and Davenports a most home-like aspect was imparted to the hall. Everything was in pink and white. Large vases of pink and white carnations adorned the hall in different places. Pink and white ribbons were draped from the electric globes over the bridal table, producing a soft and beautiful effect. The bridal table was very artistically arranged. It was a round table with several gleaming candelabra in the center, pink and white roses on the snowy linen and long strings of smilax arranged in streamers from a common point over the table so that they hung over the edge of the table like a sylvan Maypole. After the bridal party finished luncheon the dancing commenced and continued until midnight. Taken altogether it was one of the most charming and successful weddings which has ever taken place in the city.

### Rookwood Ware.

Genuine Rookwood art ware sold only by The Eagle Hardware Co.

There is no more trying work than the weaver's. Added to the confinement, the heat and the impure air, there is often an amount of physical exertion which seems incredible. In the manufacture of plush, for example, those who cut the pile have to walk about thirty miles a day. And with every step of that thirty miles they breathe in vitiated air filled with particles of dust, poisonous coloring matter and other substances, irritating to the throat and lungs. It is no wonder that so many mill hands have an obstinate cough or that so many of them die of "lung trouble."

It is to operatives whose work makes them peculiarly liable to lung disease that Dr. Pierce's Golden Medical Discovery comes as a priceless boon. It positively cures deep seated and obstinate coughs, bronchial affections, bleeding of the lungs, and other diseases which if neglected lead to consumption.

"When I commenced taking your medicines, eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Sunderland, of Chaneville, Calvert Co., Md. "At times I could not even walk across the room, without pains in my chest. The doctor who attended me said I had lung trouble and that I would never be well again. At last I concluded to try Dr. Pierce's medicines. I bought a bottle of 'Golden Medical Discovery,' took it, and soon commenced to feel a little better. Then you directed me to take both the 'Golden Medical Discovery' and the 'Favorite Prescription,' which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Favorite Prescription,' and five vials of 'Pellets.' I am now almost entirely well, and do all my work without any pain whatever, and can run with more ease than I could formerly walk."

You can consult Dr. Pierce by letter absolutely without charge. He will carefully consider your condition, and write you fully, giving you familiar, fatherly advice as well as medical direction. Your letter will be held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

## An Echo from the Junk Shop

### By the Repair Man.

Once you were pure  
As the beautiful snow:  
But thou hast fallen!  
Now your dazzling splendor  
Which glitters in the summer sun  
Pleads to the bargain hunter  
Who will also fall.  
Then his breath will come  
In hard blue pants--  
Like the hired man's--  
And he will consign thee  
To the junk shop  
And buy an Orient.  
Poor Bargain Bike!  
Thou art no more fit  
To be called a bicycle  
Than these lines are  
To be called a poem.

The Orient Bicycle will drop its price when, like other wheels, it drops its quality and stops winning races--AND NOT UNTIL THEN!

## MAY CENSURE M'CABE.

M. E. Conference to Consider His Recent Act.

### THE BISHOP TO BE SUMMONED

Recent Satirical Resolutions Referring to Outside Work of Bishops the Cause Committee Decided Against Removing Bar From Certain Amusements.

CHICAGO, May 19.—The Methodist Episcopal general conference took three more ballots for two additional bishops but without result. Dr. Henry Spellmyer, of Newark, N. J., and Dr. J. F. Berry, of Chicago, editor of The Epworth Herald, are now, however, far ahead in the voting, and, though many believe it may require several more ballots to elect, friends of the two leading candidates are confident that they will be successful.

A feature of the balloting was the withdrawal of the names of Drs. W. V. Kelly and J. W. E. Bowen, the latter the colored candidate.

The conference voted to send two more missionary bishops to Southern Asia, with the recommendation that when two or more missionary bishops are assigned to a given territory they shall be co-ordinate in authority.

A much disputed question—the removal of the time limit on pastors—also came up for discussion, debate being unfinished when the convention adjourned.

### THE M. E. BAN STANDS.

Conference Committee Decided Not to Alter Attitude of Church Toward Certain Amusements.

CHICAGO, May 19.—The Methodist church will not, if the report of the committee is accepted, alter its position toward playing cards, dancing and certain other amusements.

By a vote of 49 to 24 the committee on the state of the church decided to recommend that the section of prohibited amusements be taken out and that a new section be inserted in the chapter on advices. The paragraph to be inserted is as follows:

Our church has from the beginning of its history insisted that dancing, playing at games of chance, attending theaters, horse races, circuses, dancing parties or patronizing dancing schools and other amusements which can not be used in the name of the Lord Jesus are perilous to the spiritual life and influence of the members of our church and enervating to the spiritual power of the church in the great work of saving souls. The tendency in social circles toward dangerous amusements was never stronger than it is at the present time and therefore we deem it wise to reaffirm our historic attitude upon this subject and urge our people to abstain from and bear their unwavering testimony against all amusements and diversions which endanger Christian life and repress the spiritual power of the church. This advice must not be interpreted as the waiving of the church's right to call to account any member who continues to indulge in these diversions which cannot be used in the name of the Lord Jesus.

### SPELLMYER AND BERRY.

Likely to Be Elected Bishops by the M. E. Conference—Keely and Bowen Withdrawn.

St. Louis, May 19.—Bishop McCabe, who occasioned considerable surprise several days ago by preparing and giving out for publication a set of satirical resolutions referring to the outside work performed by the bishops, may be censured by the conference for his action. Chairman J. M. Buckley declared that the committee on episcopacy would investigate Bishop McCabe's action and report to the general conference.

He laid the case before the sub-committee on the administration of the bishops, together with a copy of the resolutions that have caused all the trouble.

The sub-committee considered the matter at a secret meeting and decided to follow the advice of Dr. Buckley and make a thorough investigation. Bishop McCabe will, it is said, be summoned before the committee.

### OBSERVANCE OF

### THE SABBATH DAY.

Considerable Portion of Presbyterian General Assembly Session Devoted to This Subject.

St. Louis, May 19.—A very considerable part of the session of the Presbyterian general assembly was spent in considering the report of the special committee on Sabbath observance. Dur-

ing the discussion high praise was accorded to President McKinley and Secretary Hay for the instructions sent to Commissioner Peck, of the Paris exhibition, and to Ambassador Porter, at Paris, touching the closing of the United States pavilion and offices at the exposition on the Sabbath.

The report strongly urges that Presbyterians throughout the land should abstain from numerous forms of Sunday desecrations now being more or less indulged in and make the request that railroad companies should reduce Sunday transportation to a minimum and that congress and state legislatures shall appropriate no more money for exhibitions without the proviso that such exhibits shall be closed on Sunday.

A separate resolution was adopted by a large vote requesting proprietors of St. Louis newspapers not to print the proceedings of the assembly in their Sunday editions.

### A. M. E. General Conference.

COLUMBUS, O., May 19.—Bishop N. B. Stratler presided over the A. M. E. conference. R. H. W. Leake, of North Carolina, was elected business manager. H. G. Johnston, of Philadelphia, was elected editor of The Christian Recorder, Philadelphia; H. T. Keating, editor of the A. M. E. Church Review, Philadelphia; J. R. Hawkins, of North Carolina, was elected secretary of education; P. A. Hubbard, of Colorado, financial secretary, and H. B. Parks, of New York, secretary of missions.

### TO PAY CONFEDERATES.

First Time Since the War a Bill to Compensate Rebel Soldiers Passed House.

WASHINGTON, May 19.—For the first time since the rebellion, the house passed a measure to pay Confederate soldiers for losses growing out of the civil war. It was a bill introduced by Mr. Cox (Tenn.) to pay the Confederate soldiers who surrendered at Appomattox for the loss of horses and other personal effects taken from them in violation of the terms of Lee's capitulation to Grant, by which officers and men of Lee's army were allowed to retain their baggage, side arms and horses. The bill originally carried \$200,000, but the specific sum was stricken out, and the appropriation was made indefinite.

The bill was passed out of its order as a special compliment to Mr. Cox, who, after ten years' service in the house, is to retire at the end of his present term. Many other claims bills were passed.

### SUCCESSOR TO CLARK.

Montana Governor Appointed Maginnis. Action on Resolution to Be Pressed in Senate.

HELENA, Mont., May 19.—Governor Smith appointed Martin Maginnis United States senator to succeed William A. Clark.

WASHINGTON, May 19.—The senate committee on privileges and elections has directed Chairman Chandler to press action on the Clark resolution, as originally reported.

A dispatch from Governor Smith, of Montana, was read, in which the governor entered a protest against Clark's effort to defeat the action of the senate.

### TO INVESTIGATE PANAMA COMPANY.

Morgan Introduces Resolution in Senate. Pneumatic Tube Service Debated.

WASHINGTON, May 19.—Nearly the entire session of the senate was devoted to the pneumatic service item in the postoffice appropriation bill. The debate at times was sharp and almost personal. The appropriation was defended by Senators Chandler, Mason, Carter and Wellington, and opposed by Senators Allison, Hale, Tillman, Lodge and Wolcott. Senator Morgan introduced a resolution to investigate the Panama canal company, and in a speech severely criticised that company.

Senator McCumber made a speech in favor of the retention of the Philippine islands, during which time Senator Tillman took issue with him over an assertion that the people of the south were glad the confederacy was unsuccessful.

### STAGE COACHES HELD UP.

Lone Highwayman Secured About \$200 in California.

STOCKTON, Cal., May 19.—Both the Yosemite valley stages—one going eastward—were held up by a lone highwayman at Big Neck Flat.

About \$200 was secured from the passengers.

The ladies were not molested.

A treasure box owned by the Wells-Fargo Express company was not touched by the highwayman, who escaped.

Communion Services to Be Held Tonight.

SPRINGFIELD, O., May 19.—The national conference of River Brethren (Dunkards) now in progress at Donnellsville. About a thousand persons are expected to participate in the communion service tonight.

## BLOODY STRIKE RIOTS.

Number of Persons Shot In St. Louis.

### TWO MORE FATALLY WOUNDED.

One of the Men a Non-Unionist and the Other a Strike Sympathizer—Some of the Car Operatives and Policemen Assaulted—House of Delegates Acts.

St. Louis, May 19.—There was no formal conference between representatives of the striking street car employees and the St. Louis Transit company, although President Hawes, of the board of police commissioners, had Mr. Edwards send a letter to President Whittaker suggesting a conference. In response Mr. Whittaker said he was willing to meet the committee at any time. Mr. Edwards then suggested that the next proposition come from the company, and the response was in effect that the company had no further proposition to make, standing on the offer of Thursday, rejected by the strikers.

Rioting broke out afresh in various parts of the city, and several casualties of a severe nature occurred.

A crowd of 400 or more men, women and boys congregated along Laclede avenue, between Grand and Theresa avenues, and piled obstructions on the tracks. As the cars came to a standstill rioting began, persons in the crowd throwing rocks and some shots were fired. One of the shots struck J. J. Richardson, a conductor, in the head.

A special officer on one of the rear cars was dragged off and badly beaten, his club and revolver taken from him, and several other motormen and conductors were assaulted. While the turmoil was at its height, a detail of police came dashing up and charged into the crowd. They struck right and left, but they had no clew as to who was responsible for the shooting. Richardson is probably fatally wounded.

On the Bellefontaine line obstructions were numerous, and when the men left the cars to remove the barriers they were made the targets for rocks, broken bricks and pieces of iron.

The employees on the Eastern avenue cars and on other lines had another rough time of it.

Two imported employees of the St. Louis Transit company were shot while in charge of street cars. In neither case is the assailant known.

Guy Fickes, of Decatur, Ill., was shot through the thigh at Twenty-first and Morgan streets. Fickes was employed as a guard on the cars.

Fickes' condition is not serious. John Kenna, a saloonkeeper in Gratiot street, was probably fatally wounded, and Robert Nelson, colored, and Emergency Officer Jacob Hollingsworth slightly wounded at the south end of the Fourteenth street bridge. Kenna was shot four times by the special officer and Nelson was struck in the lobe of the left ear by a stray bullet fired, supposedly by Kenna, who fired four shots at the officer, one of which struck him in the hand, causing a slight wound. Kenna had been drinking hard and shot at the motorman and conductor of a car.

Patrolman Henry E. Barton was shot and painfully wounded on Jefferson avenue near Geyer avenue. Barton was on a car of the Jefferson avenue line as a guard. A number of men in houses near where the shooting occurred were arrested and sent to the police station pending an investigation.

The house of delegates, at its meeting, passed the Kelly ordinance, annulling the franchises of all the street railways in St. Louis unless they run their cars in compliance with the terms of the city ordinances.

### To Recommend General Strike.

## "GRASS" WIDOWS.

Are the Real Thing, According to the  
Decision of Judge Taylor  
at Canton.

Judge Taylor recently rendered a decision in the Stark county common pleas court that is of far-reaching importance. The question at issue was the judicial definition of what constitutes a "grass" widow, and Judge Taylor held that such a person, in so far as relates to property, is actually widowed, as fully so as though the absconding partner in the wrecked matrimonial firm were dead. This is said to be the first decision of the kind on record in Ohio. This would seem, says the Buckeye State, to imply that the absconding wife or husband can lay no claim to a share of his property or of his or her deserted matrimonial partner, but, as the decision refers only to property it does not imply, as some newspapers have stated, that the deserted wife or husband has a legal right to re-marry without securing a divorce.

## NEW PENSION RULE.

Pensioner Must Keep Sober and Respect Himself and the Uniform He Wore.

A recent ruling of the pension bureau is of vital interest to pensioners not only in Columbiana county, but everywhere. It is to the effect that a recipient of a pension who drinks to excess and thereby disgraces the uniform he wore, is liable, upon investigation of representatives of the pension bureau, to have his name stricken from the rolls. No one can complain of the reason and justice of such a ruling.

## WINE OF CARDUI

### HEALTHY OLD AGE.

LARUS, BENTON CO. ARK., Aug. 4.  
I am 49 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.  
MRS. E. B. TOWNSEND.

WINE OF CARDUI

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

## YOUR VALUABLES.

DON'T TAKE ANY UNNECESSARY RISKS RESPECTING THEM.

You Can Place Them Where They Are Safe from Fire and from Burglars.

The late fires in our city have set owners of valuables to thinking. Important papers, representing oftentimes large sums of money, should never be permitted to rest in insecure places in your homes or offices, where the festive burglar may make an unwelcome visit at any time, or where fire may reduce said valuables to ashes. Carelessness in this particular may prove a very serious loss to you. And there is no necessity for such carelessness or recklessness on your part, when you may, for a very small expenditure of money, place your papers, jewelry, diamonds, etc., in absolute security, where thieves do not break through nor steal and where the fire demon is barred out.

A call at the First National bank will reveal to you a number of new safety deposit boxes, snugly embraced in the massive fire-proof and burglar proof safe, and you can have the exclusive use of one of these boxes for the term of one full year for the sum of from one to five dollars, as best suits your purpose. You will carry the keys to the same, having exclusive use or entrance thereto, and having access to the same at any time during the regular banking hours of the institution.

You should take advantage of this offer at your very earliest opportunity, as there are but a limited number of boxes for rent, and the rule of "first come first served" will hold control. Place your valuables in a safe and secure spot, and there will be no necessity of your losing sweet slumber in consequence of worrying about them.

## EXPENDITURES IN CUBA.

Statement of Money Spent and Receipts In the Island Sent to the Senate.

WASHINGTON, May 19.—The war department sent to the senate, in answer to a resolution, an itemized statement of the receipts and expenditures of all sorts in Cuba, including salaries and allowances of officers, since the United States government assumed control of the island. This statement is in extension of a condensed one supplied on Feb. 15 last, General Wood having furnished the details at the direction of the department. It is shown that the actual cost of the Tricornia railway, about six miles long, connecting the harbor of Havana with the interior railroad system of Cuba, was altogether \$342,611. This was built to keep troops out of Havana in yellow fever time. The United States government has since been reimbursed from the island revenues. The statement shows that the total receipts from all sources in Cuba for the year 1899 were \$16,136,500. The expenditures are set down as \$7,421,719. It is explained that this is a sum total for which vouchers had been audited by the auditor of Cuba. His report is complete for the year 1899 for the civil departments of the island, but his report for other expenditures covers only the six months from July 1 to Dec. 31 of that year, and the itemized statements of these expenditures are submitted with this statement. The auditor promises to supply the report for the first half year of 1899 in the near future, when it will be sent to the senate.

Of the island's receipts \$15,012,100 was made up of customs receipts, \$250,025 postal receipts, \$700,880 internal revenue, and \$233,584 miscellaneous receipts. Of the expenditures \$211,292 went to the department of finance, \$876,640 to justice and public instruction, \$355,421 to agriculture and public works, \$940,975 to state and government, \$488,079 to extraordinary expenses and \$612,230 to postoffice. The sum of \$1,688,442 was spent on sanitation in the half year from July 1 to Dec. 1, 1899. In the same time the rural guard cost \$506,152. Barracks and quarters cost \$617,755; the customs service cost \$443,985 and public works absorbed \$298,036; charities got \$362,062; civil government is set down for \$164,281, and municipalities \$123,113; the census cost \$211,401.

The allowances to military officers are shown in detail, and are nearly all for small amounts. The \$3,000, which was said to have been paid for a house for General Chaffee, was actually expended by the quartermaster's department for a building for its own use, General Chaffee occupying a portion of the building for his military headquarters, as provided for in the army regulations.

The conference was called for the purpose of deciding what action should be taken by the Silver Republicans with regard to sending a delegation from Ohio to the national convention.

## THE SEARCH STOPS.

The Right Thing Has Been Found. An East Liverpool Citizen Shows the Way.

Once more we are indebted to an East Liverpool citizen for a public statement that throws more light on a subject of ever-increasing interest. People have been deceived by false misrepresentations from time immemorial. No wonder they are skeptical of all claims endorsed by strangers, residing in far distant parts of the Union. It is no longer necessary to accept such endorsements, for local citizens are giving their testimony and 'tis an easy matter for any reader to investigate the correctness of such evidence as the following. Mr. R. H. Hawkins, an employee of Sebring's pottery, who lives at 234 Second street, says: I had been taking medicine for my kidneys right along, and if I had found a cure I would have had no occasion to use Doan's Kidney Pills. I was troubled for two years or more with distressing backache across the loins, a steady aching pain with quick twinges now and then while stooping or lifting, that felt as if a sharp instrument had pierced my back and the secretions of the kidneys were highly colored, feverish or slightly scalding. Work seemed to be a drag. I had no energy and I am more than thankful that I was induced to go to the W. & W. pharmacy and get Doan's Kidney Pills. After taking them there was no sign of my old complaint."

# THE EVENING NEWS REVIEW.

15TH YEAR. NO. 289.

EAST LIVERPOOL, O., SATURDAY, MAY 19, 1900.

TWO CENTS

## SIXTEEN CARS WERE WRECKED

At the Second Street Crossing at an Early Hour This Morning.

## LOSS ESTIMATED AT \$8,000

East Bound Freight No 88 Ran Into an Open Switch Near the Passenger Station.

## STREET CAR TRAFFIC DELAYED.

A serious wreck occurred on the Cleveland & Pittsburg road at the Second street passenger station at 6:15 o'clock this morning. Sixteen cars were badly wrecked, and it is estimated by officials of the railroad company that the loss will be not less than from \$7,000 to \$8,000. The wreck this morning is equal to that crossing on the morning of July 2 which occurred at the Walnut street last year.

The wrecked train was No. 22, east-bound, and was due at Wellsville at 2:50 o'clock this morning. The train was making 25 miles an hour and in charge of Engineer Joseph Anderson, of Wellsville, and Fireman William Bott, of this city; Albert Chapman, of Cleveland, was the conductor of the train. The cause of the wreck is peculiar, as blame cannot be attached to any one. A short time before train 88 was due a west bound freight train passed through the city. A chain on one of the cars attached to this train was broken and hanging from the car. It caught in the frog at the switch near the east part of the platform of the passenger station. This caused the switch to part and a portion of the chain was found sticking in the switch. Train 88 came along running on scheduled speed. The engine and two cars passed over the open switch in safety, but the third car jumped the track. The train went as far as the freight depot when it parted. This caused the air hose attached to the third and fourth cars to part and this stopped the train. Engineer Anderson looked back from his cab and was surprised to find that his train had been wrecked.

The wreck presented a picture that is seldom seen. Freight cars were turned in every position, axles were broken, ties torn from under the tracks, rails spread, telegraph, telephone and trolley wires were parted. Electric light poles and the safety gates at the Second street crossing were cut down as if they had been chalk. One car was turned half way around and crashed into Gateman White's tower at this crossing and reduced it to kindling. Luckily no one was in the tower when it was struck. One car was rolled over the embankment at the Broadway wharf and is now lying on its side near the coal office of Robert Moore. Strange as it may seem nothing in this car was broken, although the roof was torn off.

The worst part of the wreck was at the street crossing. The cars were turned every way and they were badly damaged. Investigation proved that the little freight had been destroyed. Two cars were thrown over on the street car track, opposite Short Alley. These cars broke the

trolley wires and also the telephone and telegraph wires.

The wreck crew from Wellsville was called out and arrived here about 7 o'clock. On account of the bad condition of the track there was some delay in commencing on the wreck. At 8 o'clock another train came up from Wellsville with 23 more laborers and these men, with the wreck crew, began replacing the overturned cars on the track at 8:30 o'clock. This work was tedious, as the positions of the cars made it very hard for the work for the crew. Telegraphic communication from this city with Pittsburg was cut off entirely, but by 10 o'clock necessary repairs had been made.

Through passenger service was cut off. Train 335, due here at 8:22 o'clock, went to Cleveland by way of Beaver Falls and Alliance. Train 340, due here at 8 o'clock, arrived at 8:45 o'clock.

Passengers for the east got on this train at the foot of Union street and went to Pittsburg by the way of Alliance. Eastern mail arrived in the city on the noon train.

There were various theories this morning as to the cause of the wreck. One persistent rumor had it that the wreck was caused by a broken axle. Another was that a projecting railway rail lying alongside the track had caught one of the cars. One of the rails had been broken in two. Careful investigation failed to secure any absolutely reliable account of what caused the wreck.

So hard did the wreck crew work under the intelligent lead of an able commander, fat and youthful appearing, but understanding his business to the limit, that exactly at 11:15 the tracks were clear. The first train to pass through was the noon train due here at 12:15.

The game yesterday between the K., T. & K. team and Burfords was a heart breaker for the latter team, which should have won the game with some runs to spare, but the unexpected happened, and K., T. & K. came out victors by the score of 14 to 11.

K., T. & K., who went to bat first, received four shutouts the first four innings, while Burfords made six runs in the second inning on a combination of errors. McShane took Davis' place in the box after the second inning and started off very bad by hitting one man and giving two bases on balls. With the bases full he struck out one man, Kennedy hit to him and he threw home catching Dougherty, and Millward threw to first and Kennedy was out.

Wines, the Burford pitcher, went up in the air in the fifth inning and before he had returned to terra firma the K., T. & K. team had scored 10 runs. He only gave seven bases on balls one after another, which, mixed with two errors and two hits, netted the Knowles team their runs. Burfords made two in their half and in the sixth Lounds went in the box and Knowles got a goose egg.

Burfords made another in the sixth and Knowles made one in the seventh. Burfords didn't score in the seventh and eighth and Knowles made two in the eighth and one in the ninth. Burfords took a spurt in the ninth and McShane was hit for two singles and a two-bagger. The score:

## THE FOURTH ORDER ISSUED

Restraining the East Liverpool Railway Company From Laying Its Tracks.

This makes the fourth temporary injunction secured against the company. The first was by the Potters' Cooperative company, H. A. McNicol, for West Market street in front of the Dresden pottery; the second was by Thomas Starkey on Sheridan avenue and the third by Mrs. O'Connor on Sheridan avenue.

# POTTERY NEWS OF THE WEEK

Paragraphs of Passing Interest to

facturers.

## ABOUT PLANTS AND POTTERS

Market Continues Good With No  
Sign of Falling Off—Volume  
of Trade.

### ITEMS FROM POTTERY CENTERS.

A Trenton potter in response to the article signed "Trenton Jiggerman" states that the western potters are 20th century potters, and the uniform list is one of the best moves the Brotherhood ever made.

George White has left the Peoria pottery and returned to Akron.

The J. B. Owens Pottery company have sold over 20,000 of their "lucky pig" toy bank in less than a month.

Peoria potters are well pleased with the uniform list.

W. G. Coxon, of the Great Western Pottery company, Kokomo, Ind., says the pottery plant at St. Johns, Quebec, is a fine plant, but has never made any money for its owners. The trouble, he says, is due to the workmen, and the entire plant is now idle. He makes the prediction that the plant will never be a success until it is operated by Americans.

Robert Jewell, John Boulton, Richard Davis and Will Green are the representatives of Dippers' local No. 18, in Trades council.

The next Brotherhood convention will be held in Wheeling.

William Carroll, a jiggerman at the Warwick, Wheeling, may accept a position at the new Taylor, Lee & Smith pottery.

John A. Campbell, president of the Trenton Potteries company, has been named by Mayor Briggs as one of the trustees of the proposed free library for Trenton.

It is a common custom to nick name a pottery, and rarely one starts without an odd term being applied to it. The operatives of the new pottery belonging to the H. C. Cook system in East Trenton have named it the "Porto Rico Pottery."

Trenton manufacturers report a slump in orders, but business continues brisk owing to an accumulation earlier business.

Business at the local potteries continues good, and the manufacturers are getting ready for the fall trade and the designers and modelers are having all they can do these days.

A general union of manufacturers is being formed in Germany which will include all branches of industry, and has received considerable support from pottery, china and glass manufacturers. It is proposed to create a fund for the assistance of weak employers in cases of strikes and lock-outs. It is also proposed to nominate several candidates for the Reichstag at the next election.

The United States supplies the most of the china and glass used in Mexico.

Marked attention is now given to decorations here. New styles and new color combinations are shown at the different potteries, and many new effects will be seen on the fall patterns. The tendency is toward deep colorings on toilets and jardinières. Reds, bronzes, chocolates and greens of deep shades are now having a popular run on these lines of goods. Light, dainty decorations continue to a considerable extent on dinner ware at present.

Col. W. A. Rhodes, of the Knowles, Taylor & Knowles Co., returned last week and will remain until after July.

The manufacturing situation is reported unchanged at the Ford China

works. All departments continue to run full.

The china market shows a healthful strength, indicating the confidence which prevails in the soundness of general business conditions. The situation, on the whole, is satisfactory and the volume of business which is doing is at least as good as at any former corresponding season, while in many lines it is reported much in excess, both in value and quantity.

The George Ferguson company, of New Rochelle, N. Y., has been incorporated to deal in groceries, hardware and crockery; capital \$75,000.

The Novelty Pottery company, of Chattanooga, Tenn., has secured large quarters and will install new machinery for increasing its capacity.

## IN IRONDALE.

A City Business Man Met a Circum-  
stance in That  
Village.

Yesterday a business man of the city went to Irondale for the purpose of advertising in that village. He had heard that there was an ordinance against passing bills on the streets of the mill town and went at once to the mayor's office to find out about it. The mayor read the ordinance to him and he asked what it would cost to pass bills in town for one day. The mayor replied that he would have to take out a year's license at a cost of \$10 and give him \$1 for making out the license. The business man objected and asked the mayor if he got permission to pass bills through the mill could he be arrested. The mayor replied that he could read the law for himself and would not express an opinion. The business man then wanted to know if the village had a bill poster and received the information that it hadn't. The party who wrote the ordinance was then interviewed and said the merchant could pass the bills in the mill or put them on private property if he wanted to. The merchant saw visions of a law suit and returned home without doing any advertising, but he don't think much of Irondale law.

## GOODWIN-HANCOCK.

### BEAUTIFUL WEDDING AT MANSFIELD WEDNESDAY.

Marriage of Charles Fawcett Goodwin and Miss Anne Elizabeth Hancock.

The Mansfield News prints the following interesting account of the Goodwin-Hancock wedding which took place in that city Wednesday evening:

Grace Episcopal church, on West Third street, was the scene Wednesday evening, of one of the most beautiful weddings witnessed in this city in a long time. Between 350 and 400 guests were in attendance to witness the nuptial event which was one of great impressiveness, uniting the hearts and lives of two very worthy young people, the bride, Miss Anne Elizabeth Hancock, the beautiful and charming daughter of Mr. and Mrs. Robert G. Hancock, of 160 West Fourth street, and the groom, Charles Fawcett Goodwin, a successful young business man of East Liverpool.

Exquisite taste characterized the decorations of the church. The altar and chancel were beautiful in their decorations of pink and white carnations, white lilies and white satin ribbons twined with smilax. Throughout the church, at the organ and at the windows were white lilies, palms, ferns and other decorations.

Pink and white were the prevailing colors and this color scheme was observed in the decorations of the church and at the Masonic Temple where the reception following the ceremony was held. The choir box was appropriately decorated and in front of the altar was a vernal arch of smilax, from which was suspended an exquisite floral wedding bell of white roses, pink carnations, etc.

The time of the wedding was 7 o'clock, and promptly with the hour, the church being filled with the guests, the wedding march began. The surplined choir of boys sang the wedding march from Lohengrin and formed the procession to meet the wedding party. At the organ presided Miss Katharine Locke, who rendered the Lohengrin wedding march as the procession formed and the march began.

The ushers were James Oliver, Charles Fisher, James Tindle and Robert Hall, of East Liverpool. Dr. G. W. Kinson and Roscoe Sturges, of this city. The groom's best man was Robert J. Hancock, of this city, a brother of the bride. The bridesmaids presented a pleasing contrast in their costumes. The maid of honor, Miss Mary Alice Goodwin, of East Liverpool, sister of the groom, was attired in an elegant creation of pink silk crepe with white lace trimmings. She carried pink roses, as did also all of the bridesmaids. Miss Mary Stewart wore white organdie over pink silk; Miss Grace Wilfe white organdie over pink silk; Miss Laura May Babst, of Crestline, Parisian mousseline over pink silk; Miss Essie Meister white silk mull; Miss Flora Hartman white organdie over pink silk and Miss Nan Miller, of Mt. Vernon, silk mousseline. Little Hazel Underwood was the flower girl and had a basket of pink roses. She was in white organdie.

The bride entered on the arm of her father, who gave her away. Her gown was of Duchess satin trimmed with Dutchess lace. The tulle veil which she wore was caught up with lillies of the valley. The beautiful diamond sunburst, which she also wore, was a gift from the groom to his bride. She carried in her hand a white satin prayer book.

Proceeding to the altar she was joined by the groom. The solemn and beautiful ceremony of the Episcopal service was performed by the Rev. A. B. Putnam, pastor of Grace church. At the altar the contracting parties said the marriage vows and knelt before the altar, where they were pronounced man and wife. As a recessional Miss Locke rendered Mendelssohn's wedding march.

The wedding reception at the Ma-

sonic Temple followed the service at the church and was attended by about 350 friends.

The costume of Mrs. R. G. Hancock, the bride's mother, was pale gray Duchess satin with pink velvet and Dutchess lace. Mrs. James H. Goodwin, of East Liverpool, the mother of the groom, was attired in black peau de soie with black and white trimmings.

The groom's gifts to his bride were a diamond sunburst and diamond ring. The bride's father presented a check for a liberal amount. The groom's gifts to his best man and ushers were diamond stick pins and the bride's souvenirs to the maid of honor and bridesmaids were gold, heart-shaped pins.

The array of presents which were received was an elaborate one, the cut glass being especially fine. Some of the gifts were very costly and all testified to the respect and esteem in which both bride and groom are held by all who know them.

Mr. Goodwin and his bride left at midnight for a wedding tour to eastern points, including Atlantic City, New York, Newport and up the Hudson. They will be at home at East Liverpool after June 7.

Among the guests from out of the city were: Mrs. James H. Goodwin Mr. and Mrs. John Goodwin, Miss Martha Porter, of East Liverpool; Mrs. Warner Miller, of Mt. Vernon; John Grey, of Philadelphia; Mr. and Mrs. Daniel Babst, and Miss Clara Babst, of Crestline; William Wallace, of Cleveland; Mr. and Mrs. D. L. Casselberry, of Salem; Dr. Thomas Oberlin, of Indiana; Miss Laura Babst, of Crestline; Miss Nan Miller, of Mt. Vernon; James Oliver, Charles Fisher, James Tindle and Robert T. Hall, of East Liverpool.

### The Reception.

Immediately after the ceremony the bridal party went to the Masonic Temple and there received the guests. Those in the receiving line were Mr. and Mrs. R. G. Hancock, Mrs. Goodwin, mother of the groom, Miss Mary Alice Goodwin, Robert J. Hancock and Misses Mary Stewart, Nan Miller, Flora Hartman, Laura Babst, Essie Meister and Grace Wolfe.

After the bride and groom had welcomed all the people and had been overwhelmed with congratulations and best wishes they repaired to the bridal table for luncheon, which was dainty and elegant. Roscoe Sturges got the ring which was in the cake and Miss Flora Hartman the dime.

The Temple was most artistically and beautifully decorated. Palms, cut flowers and smilax were arranged in profusion, producing the most beautiful effects. Through the sofa pillows, screens, piano lamp and Davenport a most home-like aspect was imparted to the hall. Everything was in pink and white. Large vases of pink and white carnations adorned the hall in different places. Pink and white ribbons were draped from the electric globes over the bridal table, producing a soft and beautiful effect. The bridal table was very artistically arranged. It was a round table with several gleaming candelabra in the center, pink and white roses on the snowy linen and long strings of smilax arranged in streamers from a common point over the table so that they hung over the edge of the table like a sylvan Maypole. After the bridal party finished luncheon the dancing commenced and continued until midnight. Taken altogether it was one of the most charming and successful weddings which has ever taken place in the city.

There is no more trying work than the weaver's. Added to the confinement, the heat and the impure air, there is often an amount of physical exertion which seems incredible. In the manufacture of plush, for example, those who cut the pile have to walk about thirty miles a day. And with every step of that thirty miles they breathe in

vitiated air filled with particles of dust, poisonous coloring matter and other substances, irritating to the throat and lungs. It is no wonder that so many mill hands have an obstinate cough or that so many of them die of "lung trouble."

It is to operatives whose work makes them peculiarly liable to lung disease that Dr. Pierce's Golden Medical Discovery comes as a priceless boon. It positively cures deep seated and obstinate coughs, bronchial affections, bleeding of the lungs, and other diseases which if neglected lead to consumption.

"When I commenced taking your medicines, eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Sunderland, of Chaneyville, Calvert Co., Md. "At times I could not even walk across the room, without pains in my chest. The doctor who attended me said I had lung trouble and that I would never be well again. At last I concluded to try Dr. Pierce's medicines. I bought a bottle of 'Golden Medical Discovery,' took it, and soon commenced to feel a little better, then you directed me to take both the 'Golden Medical Discovery' and the 'Favorite Prescription,' which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Favorite Prescription,' and five vials of 'Pellets.' I am now almost entirely well, and do all my work without any pain whatever, and can run with more ease than I could formerly walk."

You can consult Dr. Pierce by letter absolutely without charge. He will carefully consider your condition, and write you fully, giving you familiar, fatherly advice as well as medical direction. Your letter will be held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

## An Echo from the Junk Shop

### By the Repair Man.

Once you were pure  
As the beautiful snow:  
But thou hast fallen  
Now your dazzling splendor  
Which glitters in the summer sun  
Pleads to the bargain hunter  
Who will also fall.  
Then his breath will come  
In hard blue pants--  
Like the hired man's--  
And he will consign thee  
To the junk shop  
And buy an Orient.  
Poor Barvain Bike!  
Thou art no more fit  
To be called a bicycle  
Than these lines are  
To be called a poem.

The Orient Bicycle will drop its price when, like other wheels, it drops its quality and stops winning races--AND NOT UNTIL THEN!

## YOUR VALUABLES.

DON'T TAKE ANY UNNECESSARY RISKS RESPECTING THEM.

You Can Place Them Where They Are Safe from Fire and from Burglars.

The late fires in our city have set owners of valuables to thinking. Important papers, representing oftentimes large sums of money, should never be permitted to rest in insecure places in your homes or offices, where the festive burglar may make an unwelcome visit at any time, or where fire may reduce said valuables to ashes. Carelessness in this particular may prove a very serious loss to you. And there is no necessity for such carelessness or recklessness on your part, when you may, for a very small expenditure of money, place your papers, jewelry, diamonds, etc., in absolute security, where thieves do not break through nor steal and where the fire demon is barred out.

A call at the First National bank will reveal to you a number of new safety deposit boxes, snugly embraced in the massive fire-proof and burglar proof safe, and you can have the exclusive use of one of these boxes for the term of one full year for the sum of from one to five dollars, as best suits your purpose. You will carry the keys to the same, having exclusive use or entrance thereto, and having access to the same at any time during the regular banking hours of the institution.

You should take advantage of this offer at your very earliest opportunity, as there are but a limited number of boxes for rent, and the rule of "first come first served" will hold control. Place your valuables in a safe and secure spot, and there will be no necessity of your losing sweet slumber in consequence of worrying about them.

## EXPENDITURES IN CUBA.

Statement of Money Spent and Receipts In the Island Sent to the Senate.

WASHINGTON, May 19.—The war department sent to the senate, in answer to a resolution, an itemized statement of the receipts and expenditures of all sorts in Cuba, including salaries and allowances of officers, since the United States government assumed control of the island. This statement is in extension of a condensed one supplied on Feb. 15 last, General Wood having furnished the details at the direction of the department. It is shown that the actual cost of the Tricornia railway, about six miles long, connecting the harbor of Havana with the interior railroad system of Cuba, was altogether \$342,611. This was built to keep troops out of Havana in yellow fever time. The United States government has since been reimbursed from the island revenues. The statement shows that the total receipts from all sources in Cuba for the year 1899 were \$16,136,500. The expenditures are set down as \$7,421,719. It is explained that this is a sum total for which vouchers had been audited by the auditor of Cuba. His report is complete for the year 1899 for the civil departments of the island, but his report for other expenditures covers only the six months from July 1 to Dec. 31 of that year, and the itemized statements of these expenditures are submitted with this statement. The auditor promises to supply the report for the first half year of 1899 in the near future, when it will be sent to the senate.

Of the island's receipts \$15,012,100 was made up of customs receipts, \$250,025 postal receipts, \$700,880 internal revenue, and \$233,584 miscellaneous receipts. Of the expenditures \$211,292 went to the department of finance, \$876,640 to justice and public instruction, \$255,421 to agriculture and public works, \$640,375 to state and government, \$488,079 to extraordinary expenses and \$612,300 to postoffice. The sum of \$1,688,442 was spent on sanitation in the half year from July 1 to Dec. 1, 1899. In the same time the rural guard cost \$506,152. Barracks and quarters cost \$617,755; the customs service cost \$343,985 and public works absorbed \$298,036; charities got \$362,062; civil government is set down for \$164,281, and municipalities \$123,113; the census cost \$211,401.

The allowances to military officers are shown in detail, and are nearly all for small amounts. The \$3,000, which was said to have been paid for a house for General Chaffee, was actually expended by the quartermaster's department for a building for its own use, General Chaffee occupying a portion of the building for his military headquarters, as provided for in the army regulations.

## Towne Was in Toledo.

TOLEDO, May 19.—Hon. Charles A. Towne, of Minnesota, accompanied by General E. T. Corser, also of Minnesota, treasurer of the national committee of silver Republicans, was in Toledo to keep an engagement made some time ago with prominent Silver Republicans of the state. The conference was called for the purpose of deciding what action should be taken by the Silver Republicans with regard to sending a delegation from Ohio to the national convention.

## THE SEARCH STOPS.

The Right Thing Has Been Found.  
An East Liverpool Citizen Shows the Way.

Once more we are indebted to an East Liverpool citizen for a public statement that throws more light on a subject of ever-increasing interest. People have been deceived by false misrepresentations from time immemorial. No wonder they are skeptical of all claims endorsed by strangers, residing in far distant parts of the Union. It is no longer necessary to accept such endorsements, for local citizens are giving their testimony and 'tis an easy matter for any reader to investigate the correctness of such evidence as the following. Mr. R. H. Hawkins, an employee of Sebring's pottery, who lives at 234 Second street, says: I had been taking medicine for my kidneys right along, and if I had found a cure I would have had no occasion to use Doan's Kidney Pills. I was troubled for two years or more with distressing backache across the loins, a steady aching pain with quick twinges now and then while stooping or lifting, that felt as if a sharp instrument had pierced my back and the secretions of the kidneys were highly colored, feverish or slightly scalding. Work seemed to be a drag, I had no energy and I am more than thankful that I was induced to go to the W. & W. pharmacy and get Doan's Kidney Pills. After taking them there was no sign of my old complaint."

## "GRASS" WIDOWS.

Are the Real Thing, According to the  
Decision of Judge Taylor  
at Canton.

Judge Taylor recently rendered a decision in the Stark county common pleas court that is of far-reaching importance. The question at issue was the judicial definition of what constitutes a "grass" widow, and Judge Taylor held that such a person, in so far as relates to property, is actually widowed, as fully so as though the absconding partner in the wrecked matrimonial firm were dead. This is said to be the first decision of the kind on record in Ohio. This would seem, says the Buckeye State, to imply that the absconding wife or husband can lay no claim to a share of his property or of his or her deserted matrimonial partner, but, as the decision refers only to property it does not imply, as some newspapers have stated, that the deserted wife or husband has a legal right to re-marry without securing a divorce.

## NEW PENSION RULE.

Pensioner Must Keep Sober and Respect Himself and the Uniform He Wore.

A recent ruling of the pension bureau is of vital interest to pensioners not only in Columbiana county, but everywhere. It is to the effect that a recipient of a pension who drinks to excess and thereby disgraces the uniform he wore, is liable, upon investigation of representatives of the pension bureau, to have his name stricken from the rolls. No one can complain of the reason and justice of such a ruling.

## WINE OF CARDUI

### HEALTHY OLD AGE.

LARUE, BENTON CO. ARK., Aug. 4.  
I am 49 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.

MRS. E. B. TOWNSEND.

Wine of Cardui

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers.

## ABOUT PLANTS AND POTTERS

Market Continues Good With No  
Sign of Falling Off—Volume  
of Trade.

### ITEMS FROM POTTERY CENTERS.

A Trenton potter in response to the article signed "Trenton Jiggerman" states that the western potters are 20th century potters, and the uniform list is one of the best moves the Brotherhood ever made.

George White has left the Peoria pottery and returned to Akron.

The J. B. Owens Pottery company have sold over 20,000 of their "lucky pig" toy bank in less than a month.

Peoria potters are well pleased with the uniform list.

W. G. Coxon, of the Great Western Pottery company, Kokomo, Ind., says the pottery plant at St. Johns, Quebec, is a fine plant, but has never made any money for its owners. The trouble, he says, is due to the workmen, and the entire plant is now idle. He makes the prediction that the plant will never be a success until it is operated by Americans.

Robert Jewell, John Boulton, Richard Davis and Will Green are the representatives of Dippers' local No. 18, in Trades council.

The next Brotherhood convention will be held in Wheeling.

William Carroll, a jiggerman at the Warwick, Wheeling, may accept a position at the new Taylor, Lee & Smith pottery.

John A. Campbell, president of the Trenton Potteries company, has been named by Mayor Briggs as one of the trustees of the proposed free library for Trenton.

It is a common custom to nick name a pottery, and rarely one starts without an odd term being applied to it. The operatives of the new pottery belonging to the H. C. Cook system in East Trenton have named it the "Porto Rico Pottery."

Trenton manufacturers report a slump in orders, but business continues brisk owing to an accumulation earlier business.

Business at the local potteries continues good, and the manufacturers are getting ready for the fall trade and the designers and modelers are having all they can do these days.

A general union of manufacturers is being formed in Germany which will include all branches of industry, and has received considerable support from pottery, china and glass manufacturers. It is proposed to create a fund for the assistance of weak employers in cases of strikes and lock-outs. It is also proposed to nominate several candidates for the Reichstag at the next election.

The United States supplies the most of the china and glass used in Mexico.

Marked attention is now given to decorations here. New styles and new color combinations are shown at the different potteries, and many new effects will be seen on the fall patterns. The tendency is toward deep colorings on toilets and jardinières. Reds, bronzes, chocolates and greens of deep shades are now having a popular run on these lines of goods. Light, dainty decorations continue to a considerable extent on dinner ware at present.

Col. W. A. Rhodes, of the Knowles, Taylor & Knowles Co., returned last week and will remain until after July.

The manufacturing situation is reported unchanged at the Ford China

works. All departments continue to run full.

The china market shows a healthful strength, indicating the confidence which prevails in the soundness of general business conditions. The situation, on the whole, is satisfactory and the volume of business which is doing is at least as good as at any former corresponding season, while in many lines it is reported much in excess, both in value and quantity.

The George Ferguson company, of New Rochelle, N. Y., has been incorporated to deal in groceries, hardware and crockery; capital \$75,000.

The Novelty Pottery company, of Chattanooga, Tenn., has secured large quarters and will install new machinery for increasing its capacity.

## IN IRONDALE.

A City Business Man Met a Circum-  
stance in That  
Village.

Yesterday a business man of the city went to Irondale for the purpose of advertising in that village. He had heard that there was an ordinance against passing bills on the streets of the mill town and went at once to the mayor's office to find out about it. The mayor read the ordinance to him and he asked what it would cost to pass bills in town for one day. The mayor replied that he would have to take out a year's license at a cost of \$10 and give him \$1 for making out the license. The business man objected and asked the mayor if he got permission to pass bills through the mill could he be arrested. The mayor replied that he could read the law for himself and would not express an opinion. The business man then wanted to know if he could be arrested for tacking bills on private property if the owners of the property did not object. Again the mayor would not give an opinion. The merchant then wanted to know if the village had a bill poster and received the information that it hadn't. The party who wrote the ordinance was then interviewed and said the merchant could pass the bills in the mill or put them on private property if he wanted to. The merchant saw visions of a law suit and returned home without doing any advertising, but he don't think much of Irondale law.

## FATAL ACCIDENT.

Mrs. Lewis Pahner Killed by Runaway  
at Salineville and Mr. Pahner  
May Die.

A runaway at Salineville last evening resulted in the death of Mrs. Lewis Pahner and may cause the death of Mr. Pahner. They were driving about 6 or 7 o'clock and in coming down a hill the horse became unmanageable and dashed into a telegraph pole, throwing both from the buggy. Mrs. Pahner died after several hours and before she regained consciousness. Mr. Pahner had several ribs broken and probably sustained internal injuries which may result in his death. Mrs. Pahner is a relative of Miss Lizzie Flescher, of this city.

Robert Moore recovered his skiff yesterday afternoon and the charge against the two girls was withdrawn. The mayor remitted their fines and costs and they were released.

### BOERS ADMIT RELIEF OF TOWN.

Say the Burghers Retired. After Bombardment of Their Laagers by a Relief Force—People of London Went Wild With Enthusiasm.

PRETORIA, May 19.—It was officially announced that when the laagers and forts around Mafeking had been severely bombarded the siege was abandoned, a British force from the south taking possession of the place.

President Steyn left here for the Free State. Addressing a crowd on the platform, he urged them to be of good cheer.

James Milne, the correspondent of the Renter Telegram company, who has been a prisoner here, was liberated and escorted to the border.

LONDON, May 19.—London's millions spent half the night in the street, and even at 4 this morning troops of young men were promenading, singing and cheering and there were crowds in front of the Mansion House, Marlborough House, the clubs on Pall Mall and the war office and Parliament square waving flags and joining in the national airs over the relief of Mafeking. News came from some of the British possessions telling of similar celebrations. The war office had no confirmation of the news.

Lord Methuen entered Hoopstad Thursday. He was about 70 miles from Kroonstad and about 50 from Bothaville.

General Buller entered New Castle Thursday evening. Lord Roberts is not idle. While waiting for stores at Kroonstad he is using his mounted men to search a wide tract of country. Colonel Broadwood occupied Lindley Thursday, and the same day General Hutton captured one of the Bothas about 30 miles from Kroonstad. General Rundle, on Thursday, encamped at Clo-eolan.

A Lourenzo Marques correspondent, telegraphing Friday, said:

"New peace proposals will probably be put forward by the Boer governments. The recent reverses are causing despondency. There was a prolonged meeting of the Transvaal executive at Pretoria Thursday, and the destruction of the mines was again considered. It is understood that the government does not intend to destroy the mines.

According to other advices from the same point, President Kruger and the other high officials purposed leaving almost immediately for Lydenburg. The British prisoners will be conveyed there, and the foreign consuls at Pretoria were leaving for Lydenburg.

## BOERS IN WASHINGTON.

Escorted From New York by Committee—A Meeting to Occur on Sunday Night.

WASHINGTON, May 19.—Messrs. Fischer, Wolmarans and Wessels, the Boer commissioners, arrived in Washington, accompanied by the congressional and citizens' committee which escorted them from New York. They were given an enthusiastic reception. They were met at the station by members of the reception committee, which includes some members of congress, and escorted in carriages to the Arlington hotel.

Congressman Sulzer, the chairman of the reception committee, introduced the envoys at the hotel, and then briefly made an address, welcoming the visitors to the capital. Fischer responded.

Later, Congressman Sulzer announced that the meeting on Sunday evening at the Grand Opera house, in honor of the commissioners, was to be a reception, and not "a demonstration." A number of public men are to make addresses, including Senators Wellington, Allen and Teller; Representatives Sulzer, De Armond and Rhea.

## REBELS CIRCULATE

### A PROCLAMATION.

Americans Killed 209 Rebels at Catarna. Filipino Losses Heavy In Other Battles.

MANILA, May 19.—A proclamation, purporting to have been issued by Aguinaldo, and dated May 4, from Polillo island, one of the Philippine group, east of Luzon, was circulated in Manila. It said the commission appointed by President McKinley was appointed without the authorization of congress, and that hence it could not treat officially. It urged the Filipinos not to surrender

their arms at the instigation of the commission and on promises which congress might not ratify, and also urged the Filipinos to enthusiastically welcome the commission when it arrived in the towns and provinces, asking boldly for the form of government they most desired, as the Americans permitted freedom of speech.

The proclamation closed with asking the Filipinos to still strive for liberty and independence, and again warned the commission against deception.

In the Catarna fight, island of Samar, May 1, about 700 of the enemy attacked the men of the Forty-third infantry. The Americans killed 209 of the rebels by actual count. Only three of the Americans were wounded.

Major John G. Gilmore and 100 men of the Forty-third regiment were ambushed May 6 near Pambujan, Samar. Seventy-five of the enemy were killed and there were no American casualties.

The transport Lennox returned here after landing four troops of the Eleventh cavalry to reinforce Colonel J. Franklin Bell. Two troops, Major Hugh T. Sime commanding, were landed at Legaspi and proceeded across the country to strengthen the garrison at Liagao. They found numerous entrenchments manned by insurgents between the towns, and were about two days on their way, skirmishing dismounted almost constantly. Their only loss was three horses. The officers reported that they killed 40 insurgents, but the natives declared 80 were killed.

## MAY CENSURE M' CABE.

M. E. Conference to Consider His Recent Act.

### THE BISHOP TO BE SUMMONED

Recent Satirical Resolutions Referring to Outside Work of Bishops the Cause Committee Decided Against Removing Bar From Certain Amusements.

CHICAGO, May 19.—The Methodist Episcopal general conference took three more ballots for two additional bishops but without result. Dr. Henry Spellmyer, of Newark, N. J., and Dr. J. F. Berry, of Chicago, editor of The Epworth Herald, are now, however, far ahead in the voting, and, though many believe it may require several more ballots to elect, friends of the two leading candidates are confident that they will be successful.

A feature of the balloting was the withdrawal of the names of Drs. W. V. Kelly and J. W. E. Bowen, the latter the colored candidate.

The conference voted to send two more missionary bishops to Southern Asia, with the recommendation that when two or more missionary bishops are assigned to a given territory they shall be co-ordinate in authority.

A much disputed question—the removal of the time limit on pastorates—also came up for discussion, debate being unfinished when the convention adjourned.

### THE M. E. BAN STANDS.

Conference Committee Decided Not to Alter Attitude of Church Toward Certain Amusements.

CHICAGO, May 19.—The Methodist church will not, if the report of the committee is accepted, alter its position toward playing cards, dancing and certain other amusements.

By a vote of 49 to 24 the committee on the state of the church decided to recommend that the section of prohibited amusements be taken out and that a new section be inserted in the chapter on advices. The paragraph to be inserted is as follows:

Our church has from the beginning of its history insisted that dancing, playing at games of chance, attending theaters, horse races, circuses, dancing parties or patronizing dancing schools and other amusements which can not be used in the name of the Lord Jesus are perilous to the spiritual life and influence of the members of our church and enervating to the spiritual power of the church in the great work of saving souls. The tendency in social circles toward dangerous amusements was never stronger than it is at the present time and therefore we deem it wise to reaffirm our historic attitude upon this subject and urge our people to abstain from and bear their unwavering testimony against all amusements and diversions which endanger Christian life and repress the spiritual power of the church. This advice must not be interpreted as the waiving of the church's right to call to account any member who continues to indulge in these diversions which cannot be used in the name of the Lord Jesus.

### SPELLMYER AND BERRY.

Likely to Be Elected Bishops by the M. E. Conference—Keely and Bowen Withdrawn.

St. Louis, May 19.—Bishop McCabe, who occasioned considerable surprise several days ago by preparing and giving out for publication a set of satirical resolutions referring to the outside work performed by the bishops, may be censured by the conference for his action. Chairman J. M. Buckley declared that the committee on episcopacy would investigate Bishop McCabe's action and report to the general conference.

He laid the case before the sub-committee on the administration of the bishops, together with a copy of the resolutions that have caused all the trouble. The sub-committee considered the matter at a secret meeting and decided to follow the advice of Dr. Buckley and make a thorough investigation. Bishop McCabe will, it is said, be summoned before the committee.

### OBSERVANCE OF THE SABBATH DAY.

Considerable Portion of Presbyterian General Assembly Session Devoted to This Subject.

St. Louis, May 19.—A very considerable part of the session of the Presbyterian general assembly was spent in considering the report of the special committee on Sabbath observance. Dur-

ing the discussion high praise was accorded to President McKinley and Secretary Hay for the instructions sent to Commissioner Peck, of the Paris exhibition, and to Ambassador Porter, at Paris, touching the closing of the United States pavilion and offices at the exposition on the Sabbath.

The report strongly urges that Presbyterians throughout the land should abstain from numerous forms of Sunday desecrations now being more or less indulged in and make the request that railroad companies should reduce Sunday transportation to a minimum and that congress and state legislatures shall appropriate no more money for exhibitions without the proviso that such exhibits shall be closed on Sunday.

A separate resolution was adopted by a large vote requesting proprietors of St. Louis newspapers not to print the proceedings of the assembly in their Sunday editions.

### A. M. E. General Conference.

COLUMBUS, O., May 19.—Bishop N. B. Statler presided over the A. M. E. conference. R. H. W. Leake, of North Carolina, was elected business manager. H. G. Johnston, of Philadelphia, was elected editor of The Christian Recorder, Philadelphia; H. T. Keating, editor of the A. M. E. Church Review, Philadelphia; J. R. Hawkins, of North Carolina, was elected secretary of education; P. A. Hubbard, of Colorado, financial secretary, and H. B. Parks, of New York, secretary of missions.

### TO PAY CONFEDERATES.

First Time Since the War a Bill to Compensate Rebel Soldiers Passed House.

WASHINGTON, May 19.—For the first time since the rebellion, the house passed a measure to pay Confederate soldiers for losses growing out of the civil war. It was a bill introduced by Mr. Cox (Tenn.) to pay the Confederate soldiers who surrendered at Appomattox for the loss of horses and other personal effects taken from them in violation of the terms of Lee's capitulation to Grant, by which officers and men of Lee's army were allowed to retain their baggage, side arms and horses. The bill originally carried \$200,000, but the specific sum was stricken out, and the appropriation was made indefinite.

The bill was passed out of its order as a special compliment to Mr. Cox, who, after ten years' service in the house, is to retire at the end of his present term. Many other claims bills were passed.

### SUCCESSOR TO CLARK.

Montana Governor Appointed Maginnis. Action on Resolution to Be Pressed in Senate.

HELENA, Mont., May 19.—Governor Smith appointed Martin Maginnis United States senator to succeed William A. Clark.

WASHINGTON, May 19.—The senate committee on privileges and elections has directed Chairman Chandler to press action on the Clark resolution, as originally reported.

A dispatch from Governor Smith, of Montana, was read, in which the governor entered a protest against Clark's effort to defeat the action of the senate.

### TO INVESTIGATE PANAMA COMPANY.

Morgan Introduces Resolution in Senate. Pneumatic Tube Service Debated.

WASHINGTON, May 19.—Nearly the entire session of the senate was devoted to the pneumatic service item in the postoffice appropriation bill. The debate at times was sharp and almost personal. The appropriation was defended by Senators Chandler, Mason, Carter and Wellington, and opposed by Senators Allison, Hale, Tillman, Lodge and Wolcott. Senator Morgan introduced a resolution to investigate the Panama canal company, and in a speech severely criticised that company.

Senator McCumber made a speech in favor of the retention of the Philippine islands, during which time Senator Tillman took issue with him over an assertion that the people of the south were glad the confederacy was unsuccessful.

### STAGE COACHES HELD UP.

STOCKTON, Cal., May 19.—Both the Yosemite valley stages—one going eastward—were held up by a lone highwayman at Big Neck Flat.

About \$200 was secured from the passengers.

## BLOODY STRIKE RIOTS.

Number of Persons Shot In St. Louis.

### TWO MORE FATALLY WOUNDED.

One of the Men a Non-Unionist and the Other a Strike Sympathizer—Some of the Car Operatives and Policemen Assaulted—House of Delegates Acts.

St. Louis, May 19.—There was no formal conference between representatives of the striking street car employees and the St. Louis Transit company, although President Hawes, of the board of police commissioners, had Mr. Edwards send a letter to President Whittaker suggesting a conference. In response Mr. Whittaker said he was willing to meet the committee at any time. Mr. Edwards then suggested that the next proposition come from the company, and the response was in effect that the company had no further proposition to make, standing on the offer of Thursday, rejected by the strikers.

Rioting broke out afresh in various parts of the city, and several casualties of a severe nature occurred.

A crowd of 400 or more men, women and boys congregated along Laclede avenue, between Grand and Theresa avenues, and piled obstructions on the tracks. As the cars came to a standstill rioting began, persons in the crowd throwing rocks and some shots were fired. One of the shots struck J. J. Richardson, a conductor, in the head.

A special officer on one of the rear cars was dragged off and badly beaten, his club and revolver taken from him, and several other motormen and conductors were assaulted. While the turmoil was at its height, a detail of police came dashing up and charged into the crowd. They struck right and left, but they had no clew as to who was responsible for the shooting. Richardson is probably fatally wounded.

On the Bellefontaine line obstructions were numerous, and when the men left the cars to remove the barriers they were made the targets for rocks, broken bricks and pieces of iron.

The employees on the Eastern avenue cars and on other lines had another rough time of it.

Two imported employees of the St. Louis Transit company were shot while in charge of street cars. In neither case is the assailant known.

Guy Fickes, of Decatur, Ill., was shot through the thigh at Twenty-first and Morgan streets. Fickes was employed as a guard on the cars. Fickes' condition is not serious.

John Kenna, a saloonkeeper in Gratiot street, was probably fatally wounded, and Robert Nelson, colored, and Emergency Officer Jacob Hollingsworth slightly wounded at the south end of the Fourteenth street bridge. Kenna was shot four times by the special officer and Nelson was struck in the lobe of the left ear by a stray bullet fired, supposedly by Kenna, who fired four shots at the officer, one of which struck him in the hand, causing a slight wound. Kenna had been drinking hard and shot at the motorman and conductor of a car.

Patrolman Henry E. Barton was shot and painfully wounded on Jefferson avenue near Geyer avenue. Barton was on a car of the Jefferson avenue line as a guard. A number of men in houses near where the shooting occurred were arrested and sent to the police station pending an investigation.

The house of delegates, at its meeting, passed the Kelly ordinance, annulling the franchises of all the street railways in St. Louis unless they run their cars in compliance with the terms of the city ordinances.

### To Recommend General Strike.

## YOUR VALUABLES.

DON'T TAKE ANY UNNECESSARY RISKS RESPECTING THEM.

You Can Place Them Where They Are Safe from Fire and from Burglars.

The late fires in our city have set owners of valuables to thinking. Important papers, representing oftentimes large sums of money, should never be permitted to rest in insecure places in your homes or offices, where the festive burglar may make an unwelcome visit at any time, or where fire may reduce said valuables to ashes. Carelessness in this particular may prove a very serious loss to you. And there is no necessity for such carelessness or recklessness on your part, when you may, for a very small expenditure of money, place your papers, jewelry, diamonds, etc., in absolute security, where thieves do not break through nor steal and where the fire demon is barred out.

A call at the First National bank will reveal to you a number of new safety deposit boxes, snugly embraced in the massive fire-proof and burglar proof safe, and you can have the exclusive use of one of these boxes for the term of one full year for the sum of from one to five dollars, as best suits your purpose. You will carry the keys to the same, having exclusive use or entrance thereto, and having access to the same at any time during the regular banking hours of the institution.

You should take advantage of this offer at your very earliest opportunity, as there are but a limited number of boxes for rent, and the rule of "first come first served" will hold control. Place your valuables in a safe and secure spot, and there will be no necessity of your losing sweet slumber in consequence of worrying about them.

## EXPENDITURES IN CUBA.

Statement of Money Spent and Receipts In the Island Sent to the Senate.

WASHINGTON, May 19.—The war department sent to the senate, in answer to a resolution, an itemized statement of the receipts and expenditures of all sorts in Cuba, including salaries and allowances of officers, since the United States government assumed control of the island. This statement is in extension of a condensed one supplied on Feb. 15 last, General Wood having furnished the details at the direction of the department. It is shown that the actual cost of the Triscornia railway, about six miles long, connecting the harbor of Havana with the interior railroad system of Cuba, was altogether \$42,611. This was built to keep troops out of Havana in yellow fever time. The United States government has since been reimbursed from the island revenues. The statement shows that the total receipts from all sources in Cuba for the year 1899 were \$16,136,500. The expenditures are set down as \$7,421,719. It is explained that this is a sum total for which vouchers had been audited by the auditor of Cuba. His report is complete for the year 1899 for the civil departments of the island, but his report for other expenditures covers only the six months from July 1 to Dec. 31 of that year, and the itemized statements of these expenditures are submitted with this statement. The auditor promises to supply the report for the first half year of 1899 in the near future, when it will be sent to the senate.

Of the island's receipts \$15,012,100 was made up of customs receipts, \$250,025 postal receipts, \$700,880 internal revenue, and \$233,584 miscellaneous receipts. Of the expenditures \$211,202 went to the department of finance, \$876,940 to justice and public instruction, \$255,421 to agriculture and public works, \$940,975 to state and government, \$488,079 to extraordinary expenses and \$612,250 to postoffice. The sum of \$1,688,442 was spent on sanitation in the half year from July 1 to Dec. 1, 1899. In the same time the rural guard cost \$506,152. Barracks and quarters cost \$617,755; the customs service cost \$343,985 and public works absorbed \$298,036; charities got \$232,092; civil government is set down for \$164,251, and municipalities \$123,113; the census cost \$211,401.

The allowances to military officers are shown in detail, and are nearly all for small amounts. The \$3,000, which was said to have been paid for a house for General Chaffee, was actually expended by the quartermaster's department for a building for its own use, General Chaffee occupying a portion of the building for his military headquarters, as provided for in the army regulations.

## THE SEARCH STOPS.

The Right Thing Has Been Found. An East Liverpool Citizen Shows the Way.

Once more we are indebted to an East Liverpool citizen for a public statement that throws more light on a subject of ever-increasing interest. People have been deceived by false misrepresentations from time immemorial. No wonder they are skeptical of all claims endorsed by strangers, residing in far distant parts of the Union. It is no longer necessary to accept such endorsements, for local citizens are giving their testimony and 'tis an easy matter for any reader to investigate the correctness of such evidence as the following. Mr. R. H. Hawkins, an employe of Sebring's pottery, who lives at 234 Second street, says: "I had been taking medicine for my kidneys right along, and if I had found a cure I would have had no occasion to use Doan's Kidney Pills. I was troubled for two years or more with distressing backache across the loins, a steady aching pain with quick twinges now and then while stooping or lifting, that felt as if a sharp instrument had pierced my back and the secretions of the kidneys were highly colored, feverish or slightly scalding. Work seemed to be a drag. I had no energy and I am more than thankful that I was induced to go to the W. & W. pharmacy and get Doan's Kidney Pills. After taking them there was no sign of my old complaint."

Paragraphs of Passing Interest to the Operatives and Manufacturers.

## ABOUT PLANTS AND POTTERS

Market Continues Good With No Sign of Falling Off—Volume of Trade.

### ITEMS FROM POTTERY CENTERS.

A Trenton potter in response to the article signed "Trenton Jiggerman" states that the western potters are 20th century potters, and the uniform list is one of the best moves the Brotherhood ever made.

George White has left the Peoria pottery and returned to Akron.

The J. B. Owens Pottery company have sold over 20,000 of their "lucky pig" toy bank in less than a month.

Peoria potters are well pleased with the uniform list.

W. G. Coxon, of the Great Western Pottery company, Kokomo, Ind., says the pottery plant at St. Johns, Quebec, is a fine plant, but has never made any money for its owners. The trouble, he says, is due to the workmen, and the entire plant is now idle. He makes the prediction that the plant will never be a success until it is operated by Americans.

Robert Jewell, John Boulton, Richard Davis and Will Green are the representatives of Dippers' local No. 18, in Trades council.

The next Brotherhood convention will be held in Wheeling.

William Carroll, a jiggerman at the Warwick, Wheeling, may accept a position at the new Taylor, Lee & Smith pottery.

John A. Campbell, president of the Trenton Potteries company, has been named by Mayor Briggs as one of the trustees of the proposed free library for Trenton.

It is a common custom to nick name a pottery, and rarely one starts without an odd term being applied to it. The operatives of the new pottery belonging to the H. C. Cook system in East Trenton have named it the "Por-to Rico Pottery."

Trenton manufacturers report a slump in orders, but business continues brisk owing to an accumulation earlier business.

Business at the local potteries continues good, and the manufacturers are getting ready for the fall trade and the designers and modelers are having all they can do these days.

A general union of manufacturers is being formed in Germany which will include all branches of industry, and has received considerable support from pottery, china and glass manufacturers. It is proposed to create a fund for the assistance of weak employers in cases of strikes and lock-outs. It is also proposed to nominate several candidates for the Reichstag at the next election.

The United States supplies the most of the china and glass used in Mexico.

Marked attention is now given to decorations here. New styles and new color combinations are shown at the different potteries, and many new effects will be seen on the fall patterns. The tendency is toward deep colorings on toilets and jardinières. Reds, bronzes, chocolates and greens of deep shades are now having a popular run on these lines of goods. Light, dainty decorations continue to a considerable extent on dinner ware at present.

Col. W. A. Rhodes, of the Knowles, Taylor & Knowles Co., returned last week and will remain until after July. The manufacturing situation is reported unchanged at the Ford China

works. All departments continue to run full.

The china market shows a healthful strength, indicating the confidence which prevails in the soundness of general business conditions. The situation, on the whole, is satisfactory and the volume of business which is doing is at least as good as at any former corresponding season, while in many lines it is reported much in excess, both in value and quantity.

The George Ferguson company, of New Rochelle, N. Y., has been incorporated to deal in groceries, hardware and crockery; capital \$75,000.

The Novelty Pottery company, of Chattanooga, Tenn., has secured large quarters and will install new machinery for increasing its capacity.

## IN IRONDALE.

A City Business Man Met a Circumstance in That Village.

Yesterday a business man of the city went to Irondale for the purpose of advertising in that village. He had heard that there was an ordinance against passing bills on the streets of the mill town and went at once to the mayor's office to find out about it. The mayor read the ordinance to him and he asked what it would cost to pass bills in town for one day. The mayor replied that he would have to take out a year's license at a cost of \$10 and give him \$1 for making out the license. The business man objected and asked the mayor if he got permission to pass bills through the mill could he be arrested. The mayor replied that he could read the law for himself and would not express an opinion. The business man then wanted to know if he could be arrested for tacking bills on private property if the owners of the property did not object. Again the mayor would not give an opinion. The merchant then wanted to know if the village had a bill poster and received the information that it hadn't. The party who wrote the ordinance was then interviewed and said the merchant could pass the bills in the mill or put them on private property if he wanted to. The merchant saw visions of a law suit and returned home without doing any advertising, but he don't think much of Irondale law.

## FATAL ACCIDENT.

Mrs. Lewis Pahner Killed by Runaway at Salineville and Mr. Pahner May Die.

A runaway at Salineville last evening resulted in the death of Mrs. Lewis Pahner and may cause the death of Mr. Pahner. They were driving about 6 or 7 o'clock and in coming down a hill the horse became unmanageable and dashed into a telegraph pole, throwing both from the buggy. Mrs. Pahner died after several hours and before she regained consciousness. Mr. Pahner had several ribs broken and probably sustained internal injuries which may result in his death. Mrs. Pahner is a relative of Miss Lizzie Flescher, of this city.

### His Fifth Birthday.

Master Stewart Thompson entertained a round dozen of his gentleman friends at his home on Thompson avenue this afternoon, celebrating his fifth birthday. A very pleasant time was had. The main issue of discussion, "the war in the Transvaal" and "what will Young America do with the heritage of freedom bequeathed them by their forefathers."

## ONE CASE.

A MINOR WAS ARRESTED LAST NIGHT.

Freeman French as Taken to Lisbon This Morning—A Charge Withdrawn.

J. A. Provo was arrested yesterday afternoon by Officer Aufderheide upon a charge preferred by D. A. Devine, who stated that Provo was a minor and was endeavoring to procure liquor in his saloon. Provo has not yet been given a hearing by the mayor and is still in jail.

Robert Moore recovered his skiff yesterday afternoon and the charge against the two girls was withdrawn. The mayor remitted their fines and costs and they were released.

Freeman French didn't get the \$43.30 necessary to secure his release from the city jail and Officer Dawson took him to Lisbon this morning.

## MAY CENSURE M' CABB.

M. E. Conference to Consider His Recent Act.

### THE BISHOP TO BE SUMMONED

Recent Satirical Resolutions Referring to Outside Work of Bishops the Cause Committee Decided Against Removing Bar From Certain Amusements.

CHICAGO, May 19.—The Methodist Episcopal general conference took three more ballots for two additional bishops but without result. Dr. Henry Spellmyer, of Newark, N. J., and Dr. J. F. Berry, of Chicago, editor of The Epworth Herald, are now, however, far ahead in the voting, and, though many believe it may require several more ballots to elect, friends of the two leading candidates are confident that they will be successful.

A feature of the balloting was the withdrawal of the names of Drs. W. V. Kelly and J. W. E. Bowen, the latter the colored candidate.

The conference voted to send two more missionary bishops to Southern Asia, with the recommendation that when two or more missionary bishops are assigned to a given territory they shall be co-ordinate in authority.

A much disputed question—the removal of the time limit on pastorates—also came up for discussion, debate being unfinished when the convention adjourned.

### THE M. E. BAN STANDS.

Conference Committee Decided Not to Alter Attitude of Church Toward Certain Amusements.

CHICAGO, May 19.—The Methodist church will not, if the report of the committee is accepted, alter its position toward playing cards, dancing and certain other amusements.

By a vote of 49 to 24 the committee on the state of the church decided to recommend that the section of prohibited amusements be taken out and that a new section be inserted in the chapter on advices. The paragraph to be inserted is as follows:

Our church has from the beginning of its history insisted that dancing, playing at games of chance, attending theaters, horse races, circuses, dancing parties or patronizing dancing schools and other amusements which can not be used in the name of the Lord Jesus are pernicious to the spiritual life and influence of the members of our church and enervating to the spiritual power of the church in the great work of saving souls. The tendency in social circles toward dangerous amusements was never stronger than it is at the present time and therefore we deem it wise to reaffirm our historic attitude upon this subject and urge our people to abstain from and bear their unwavering testimony against all amusements and diversions which endanger Christian life and repress the spiritual power of the church. This advice must not be interpreted as the waiving of the church's right to call to account any member who continues to indulge in these diversions which cannot be used in the name of the Lord Jesus.

### SPELLMYER AND BERRY.

Likely to Be Elected Bishops by the M. E. Conference—Keely and Bowen Withdrawn.

St. Louis, May 19.—Bishop McCabe, who occasioned considerable surprise several days ago by preparing and giving out for publication a set of satirical resolutions referring to the outside work performed by the bishops, may be censured by the conference for his action. Chairman J. M. Buckley declared that the committee on episcopacy would investigate Bishop McCabe's action and report to the general conference.

He laid the case before the sub-committee on the administration of the bishops, together with a copy of the resolutions that have caused all the trouble.

The sub-committee considered the matter at a secret meeting and decided to follow the advice of Dr. Buckley and make a thorough investigation. Bishop McCabe will, it is said, be summoned before the committee.

### OBSERVANCE OF THE SABBATH DAY.

Considerable Portion of Presbyterian General Assembly Session Devoted to This Subject.

St. Louis, May 19.—A very considerable part of the session of the Presbyterian general assembly was spent in considering the report of the special committee on Sabbath observance. Dur-

ing the discussion high praise was accorded to President McKinley and Secretary Hay for the instructions sent to Commissioner Peck, of the Paris exhibition, and to Ambassador Porter, at Paris, touching the closing of the United States pavilion and offices at the exposition on the Sabbath.

The report strongly urges that Presbyterians throughout the land should abstain from numerous forms of Sunday desecrations now being more or less indulged in and make the request that railroad companies should reduce Sunday transportation to a minimum and that congress and state legislatures shall appropriate no more money for exhibitions without the proviso that such exhibits shall be closed on Sunday.

A separate resolution was adopted by a large vote requesting proprietors of St. Louis newspapers not to print the proceedings of the assembly in their Sunday editions.

### A. M. E. General Conference.

COLUMBUS, O., May 19.—Bishop N. B. Statler presided over the A. M. E. conference. R. H. W. Leake, of North Carolina, was elected business manager. H. G. Johnston, of Philadelphia, was elected editor of The Christian Recorder, Philadelphia; H. T. Keating, editor of the A. M. E. Church Review, Philadelphia; J. R. Hawkins, of North Carolina, was elected secretary of education; P. A. Hubbard, of Colorado, financial secretary, and H. B. Parks, of New York, secretary of missions.

### TO PAY CONFEDERATES.

First Time Since the War a Bill to Compensate Rebel Soldiers Passed House.

WASHINGTON, May 19.—For the first time since the rebellion, the house passed a measure to pay Confederate soldiers for losses growing out of the civil war. It was a bill introduced by Mr. Cox (Tenn.) to pay the Confederate soldiers who surrendered at Appomattox for the loss of horses and other personal effects taken from them in violation of the terms of Lee's capitulation to Grant, by which officers and men of Lee's army were allowed to retain their baggage, side arms and horses. The bill originally carried \$200,000, but the specific sum was stricken out, and the appropriation was made indefinite.

The bill was passed out of its order as a special compliment to Mr. Cox, who, after ten years' service in the house, is to retire at the end of his present term. Many other claims bills were passed.

### SUCCESSOR TO CLARK.

Montana Governor Appointed Maginnis. Action on Resolution to Be Pressed in Senate.

HELENA, MONT., May 19.—Governor Smith appointed Martin Maginnis United States senator to succeed William A. Clark.

WASHINGTON, May 19.—The senate committee on privileges and elections has directed Chairman Chandler to press action on the Clark resolution, as originally reported.

A dispatch from Governor Smith, of Montana, was read, in which the governor entered a protest against Clark's effort to defeat the action of the senate.

### TO INVESTIGATE PANAMA COMPANY.

Morgan Introduces Resolution in Senate. Pneumatic Tube Service Debated.

WASHINGTON, May 19.—Nearly the entire session of the senate was devoted to the pneumatic service item in the postoffice appropriation bill. The debate at times was sharp and almost personal. The appropriation was defended by Senators Chandler, Mason, Carter and Wellington, and opposed by Senators Allison, Hale, Tillman, Lodge and Wolcott. Senator Morgan introduced a resolution to investigate the Panama canal company, and in a speech severely criticised that company.

Senator McCumber made a speech in favor of the retention of the Philippine islands, during which time Senator Tillman took issue with him over an assertion that the people of the south were glad the confederacy was unsuccessful.

## BLOODY STRIKE RIOTS.

Number of Persons Shot In St. Louis.

### TWO MORE FATALLY WOUNDED.

One of the Men a Non-Unionist and the Other a Strike Sympathizer—Some of the Car Operatives and Policemen Assaulted—House of Delegates Acts.

St. Louis, May 19.—There was no formal conference between representatives of the striking street car employees and the St. Louis Transit company, although President Hawes, of the board of police commissioners, had Mr. Edwards send a letter to President Whittaker suggesting a conference. In response Mr. Whittaker said he was willing to meet the committee at any time. Mr. Edwards then suggested that the next proposition come from the company, and the response was in effect that the company had no further proposition to make, standing on the offer of Thursday, rejected by the strikers.

Rioting broke out afresh in various parts of the city, and several casualties of a severe nature occurred.

A crowd of 400 or more men, women and boys congregated along Laclede avenue, between Grand and Theresa avenues, and piled obstructions on the tracks. As the cars came to a standstill rioting began, persons in the crowd throwing rocks and some shots were fired. One of the shots struck J. J. Richardson, a conductor, in the head.

A special officer on one of the rear cars was dragged off and badly beaten, his club and revolver taken from him, and several other motormen and conductors were assaulted. While the turmoil was at its height, a detail of police came dashing up and charged into the crowd. They struck right and left, but they had no clew as to who was responsible for the shooting. Richardson is probably fatally wounded.

On the Bellefontaine line obstructions were numerous, and when the men left the cars to remove the barriers they were made the targets for rocks, broken bricks and pieces of iron.

The employees on the Eastern avenue cars and on other lines had another rough time of it.

Two imported employees of the St. Louis Transit company were shot while in charge of street cars. In neither case is the assailant known.

Guy Fickes, of Decatur, Ill., was shot through the thigh at Twenty-first and Morgan streets. Fickes was employed as a guard on the cars.

Fickes' condition is not serious. John Kenna, a saloonkeeper in Gratiot street, was probably fatally wounded, and Robert Nelson, colored, and Emergency Officer Jacob Hollingsworth slightly wounded at the south end of the Fourteenth street bridge. Kenna was shot four times by the special officer and Nelson was struck in the lobe of the left ear by a stray bullet fired, supposedly by Kenna, who fired four shots at the officer, one of which struck him in the hand, causing a slight wound. Kenna had been drinking hard and shot at the motorman and conductor of a car.

Patrolman Henry E. Barton was shot and painfully wounded on Jefferson avenue near Geyer avenue. Barton was on a car of the Jefferson avenue line as a guard. A number of men in houses near where the shooting occurred were arrested and sent to the police station pending an investigation.

The house of delegates, at its meeting, passed the Kelly ordinance, annulling the franchises of all the street railways in St. Louis unless they run their cars in compliance with the terms of the city ordinances.

Hello Minehart! back in town again? What are you doing? I wish you would go in the tailor business again, for I haven't had a suit since you left. Yes, I have had two or three, but I don't call them suits. Why they are not to be compared with the ones you made me. Do you know I have the suits you made me yet and they look and keep their shape better than the ones I have had only a short time.

The above are the expressions of old friends, and I assure you, one and all, that it is very pleasing to be received with such greetings.

Not being able to secure a suitable room I will open until I can do better, in the Foutts block (Second floor), where I will be pleased to meet my old friends and trust to become acquainted with the entire public.

Yours Very Respectfully,
